

# International Student Payment Options & Instructions

The following instructions are for individuals who *hold an account with a US Bank.*

## OPTION 1

### Make a Payment Online via eCheck

**eCheck** payments may be made online through **WaveNet**. Go to the **Student Center** on **WaveNet**. Click on “**Account Inquiry**” link under Finances. Then click the “**Make a Payment**” tab. If you are not the student and you wish to make a payment on their behalf, the student will need to grant you Guest Access. Click on “**Guest Access**” for further instructions.

Before making a payment, you will need to have the following information for the bank account you would like to pay from:

- ✓ The US Bank routing number
- ✓ The account number of the checking or savings account
- ✓ The primary bank account holder’s name

Please make sure this is an account that you may use for ACH transactions. If you are not sure, please contact your bank.

## OPTION 2

### Mail in a Check

Paper checks may be mailed to the Office of Student Accounts. Please include the student’s **full name** and **CWID** number on the front of the check so we can correctly apply the payment.
