

# **IT'S ALWAYS MORE FUN WHEN THERE'S MORE THAN ONE!**

It's almost summer! The skies are clear, the grass is green, and the waves are spectacular! Take advantage of the Alternate Commute program and you'll have time to take it all in.

## **Remember:**

- ☆ ***Parking is an art.*** With so many camps and construction projects, finding a convenient parking spot can be a challenge. Ridesharing will cut back on the number of vehicles vying for those hard to find spots.
  
- ☆ ***Ridesharing is easy!*** The Alternate Commute will provide you with a matchlist of people who live in your area to carpool with.
  
- ☆ ***You'll win money!*** The Alternate Commute will pay you \$20 to give carpooling a try if you carpool 10 days a month for three months. If you rideshare, you will be eligible to win one of several prizes awarded monthly and quarterly. Rideshare, and you won't only save money on gas, you might win some too!

**What are you waiting for?**

**Isn't it time you sat back and enjoyed the ride?**

**Call the Alternate Commute at x4702 for more information.**

Ridesharing and alternative modes of transportation consist of sharing an automobile with one or more persons, taking a bus, walking, or bicycling to your workplace.
