Please answer each of the following questions (150 words maximum per question):

1. Why would you like to be an International Student Ambassador?

2. What are your strengths and interests that make you a competitive candidate for the International Student Ambassador position?

3. What are the biggest differences between your country and the United States?

4. What is the best advice you would give to an international student?

5. What are the specific needs of international students that could use improvement at Pepperdine University?

6. List any organizations, community projects, or volunteer work you have been involved with while at Pepperdine?

7. Describe your own experience showcasing your culture at Pepperdine. What did you do? Who was your audience (i.e. Global Fest).

8. Submit your own idea for a cultural campus event that aligns with the mission/objectives of ISAP:

In exchange for full participation in the ISAP objectives and service hours, ISAP Ambassadors will receive a \$20,000 tuition-waiver scholarship. Students must agree to attend required events and complete pre-determined cultural service-hours required by the program to ensure maximum impact on behalf of the international student body. Given that Pepperdine students' first priority is their academics, we strongly recommend that ambassadors do not hold conflicting employment/commitments that may prevent them from fulfilling the ISAP requirements.

I agree that my academics at Pepperdine are my top priority and that, given the amount of service hours required, I will not overextend myself with additional employment/commitments that could compromise my commitment to the international student community. I understand that the scholarship award is contingent on these objectives, and that if my grade point average goes below 2.0 or I fail to uphold my commitment to the Ambassador team, my scholarship and role as Ambassador may be rescinded.
