What is Practical Training?

8 C.F.R. § 214.2(f)(10)

Practical training. Practical training may be authorized to an F-1 student who has been lawfully enrolled on a full time basis, in a Service-approved college, university, conservatory, or seminary for one full academic year. This provision also includes students who, during their course of study, were enrolled in a study abroad program, if the student had spent at least one full academic term enrolled in a full course of study in the United States prior to studying abroad. A student may be authorized 12 months of practical training, and becomes eligible for another 12 months of practical training when he or she changes to a higher educational level. Students in English language training programs are ineligible for practical training. An eligible student may request employment authorization for practical training in a position that is directly related to his or her major area of study.

There are two types of practical training:

1. Curricular Practical Training (CPT)
2. Optional Practical Training (OPT)
 - i. Pre-completion OPT
 - ii. Post- completion OPT
 - iii. STEM extension OPT

Curricular Practical Training (CPT)

8 C.F.R. § 214.2(f)(10)(i)

Curricular practical training. An F-1 student may be authorized by the DSO to participate in a curricular practical training program that is an integral part of an established curriculum. Curricular practical training is defined to be alternative work/study, internship, cooperative education, or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with the school. Students who have received one year or more of full time* curricular practical training are ineligible for post-completion academic training. Exceptions to the one academic year requirement are provided for students enrolled in graduate studies that require immediate participation in curricular practical training. A request for authorization for curricular practical training must be made to the DSO. A student may begin curricular practical training only after receiving his or her Form I-20 with the DSO endorsement.

For immigration purposes, “part-time” CPT is defined as up to 20 hours per week. “Full-time” CPT is defined as more than 20 hours a week.

Note: Receiving one year or more of part-time CPT will not affect your eligibility to apply for OPT. Receiving one year or more of full-time CPT, however, will make you ineligible for OPT. For instructions on how to apply for permission to engage in CPT, go to the “employment information for F-1 students” section in the OISS website.

Optional Practical Training (OPT)

8 C.F.R. § 214.2(f)(10)(ii)(A)

General. Consistent with the application and approval process in paragraph (f)(11) of this section, a student may apply to USCIS for authorization for temporary employment for optional practical training directly related to the student's major area of study. The student may not begin optional practical training until the date indicated on his or her employment authorization document, Form I-766. A student may be granted authorization to engage in temporary employment for optional practical training:

- 1) During the student's annual vacation and at other times when school is not in session, if the student is currently enrolled, and is eligible for registration and intends to register for the next term or session;
- 2) While school is in session, provided that practical training does not exceed 20 hours a week while school is in session; or
- 3) After completion of the course of study, or, for a student in a bachelor's, master's, or doctoral degree program, after completion of all course requirements for the degree (excluding thesis or equivalent). Continued enrollment, for the school's administrative purposes, after all requirements for the degree have been met does not preclude eligibility for optional practical training. A student must complete all practical training within a 14-month period following the completion of study, except that a 17-month extension pursuant to paragraph (f)(10)(ii)(C) of this section does not need to be completed within such 14-month period.

- ✓ Part-time “pre-completion OPT” is deducted from the 12 months of OPT at the 50% rate.
- ✓ You may apply for 12 months of OPT after each program that you complete, as long as you advance to a higher education level. You may split your 12 months of OPT between 2 programs if you complete them in the same education level.

Filing deadlines

8 C.F.R. § 214.2(f)(11)(i)(B)

Filing deadlines for pre-completion OPT and post-completion OPT.

(1) Students may file a Form I-765 for **pre-completion OPT** up to 90 days before being enrolled for one full academic year, provided that the period of employment will not start prior to the completion of the full academic year.

(2) For **post-completion OPT**, the student must properly file his or her Form I-765 up to 90 days prior to his or her program end date and no later than 60 days after his or her program end date. The student must also file the Form I-765 with USCIS within 30 days of the date the DSO enters the recommendation of OPT into his or her SEVIS record.

An application is considered to be **“filed”** on the date it is received by the United States Citizenship and Immigration Services (USCIS), not on the date it is mailed or postmarked. USCIS will **deny** your application if you file it:

1. Too early (more than 90 days prior to the program end date)
2. Too late (more than 60 days after the program end date)
3. More than 30 days after the date your OPT I-20 was issued

If your application is denied, you may file a new application as long as:

1. You file within the 60-day grace period after your program end date, and
2. You have not left the US during the 60-day grace period prior to filing your application.

Selecting your OPT start date

8 C.F.R. § 214.2(f)(11)(i)

Student responsibilities. A student must initiate the OPT application process by requesting a recommendation for OPT from his or her DSO. Upon making the recommendation, the DSO will provide the student a signed Form I-20 indicating that recommendation.

Start of employment. A student may not begin employment prior to the approved starting date on his or her employment authorization except as noted in paragraph (f)(11)(i)(C) of this section. A student may not request a start date that is more than 60 days after the student's program end date. Employment authorization will begin on the date requested or the date the employment authorization is adjudicated, whichever is later.

Complete the “OPT Request Form”

Select the date you wish to begin working and enter it on the “OPT request form,” which is available in the OISS website in the “employment information for F-1 students” section. For example, if your program end date is 04/17/20xx, you may request your OPT to start on any date after 04/17/20xx, and ending no later than 06/16/20xx .

Warning:

- You may not change the OPT start date after you have filed your application.
- You are not allowed to start working or even volunteering until the OPT start date you have requested.
- If you are planning to apply for admission to another program of study, consult the OISS before filing your application!

Canceling or withdrawing your application

SEVP Policy Guidance 1004-03

What happens if a student (excluding those students who have completed all program requirements aside from thesis or equivalent) applied for post-completion OPT before his or her program end date and subsequently fails to complete the requirements for his or her program?

- ✓ The student should contact his or her DSO immediately for guidance.
- ✓ If the employment authorization application has not been adjudicated by USCIS, the student may withdraw the application by notifying the Service Center where the application was filed. The DSO should also withdraw the recommendation for OPT in SEVIS.
- ✓ If the employment authorization application has already been approved, the DSO should extend the student's program end date to the appropriate date. The student may work **part time** while enrolled in courses to complete the requirements for his or her program and full time during breaks and vacations. After successful completion of all the program requirements, the student may work full time.
- ✓ However, even though the student's program end date was extended, because the OPT was granted as post-completion OPT, the student is subject to the 90-day limitation on unemployment.

Immediately notify the OISS if your program end date changes! If you do not finish your program requirements on time, your options are limited. Consult the OISS right away.

- You cannot request an extension of your program end date after the program end date printed on your Form I-20.
- You cannot request a withdrawal of your OPT application after it has been adjudicated.
- If your OPT application has been approved, you must limit your OPT work hours in accordance with the regulations above.

 2. You have not left the US during the 60-day grace period prior to filing your application.

Section D: Your responsibilities during & after OPT

- ✓ Send a copy of your OPT card to the OISS
- ✓ Do **NOT** accrue 90 days of unemployment!
- ✓ What types of employment are allowed?
- ✓ Send an employer letter to the OISS
- ✓ Travel during OPT
- ✓ Send an “exit statement” to the OISS

Do NOT accrue 90 days of unemployment!

8 C.F.R. § 214.2(f)(10)(ii)(E)

Periods of unemployment during post-completion OPT. During post-completion OPT, F-1 status is dependent upon employment. Students may not accrue an aggregate of more than 90 days of unemployment during any post-completion OPT carried out under the initial post-completion OPT authorization. Students granted a 17-month OPT extension may not accrue an aggregate of more than 120 days of unemployment during the total OPT period comprising any post-completion OPT carried out under the initial post-completion OPT authorization and the subsequent 17-month extension period.

WARNING!

A student who has exceeded the 90 days of unemployment has violated his or her status and is considered to be “out of status.”

If you are approaching the 90 days of unemployment, you should seek part-time unpaid work, prepare to depart the US, go back to school, or pursue another option to maintain lawful status in the US before exceeding 90 days of unemployment.

If you do not plan to continue OPT, you must send an exit statement to the OISS (see page 27). If you have exceeded 90 days of unemployment, you must depart as soon as possible.

What types of employment are allowed?

SEVP Policy Guidance 1004-33

- ✓ **Multiple employers.** A student may work for more than one employer, but all employment must be related to the student's degree program and, for pre-completion OPT, can not exceed the allowed per week cumulative hours.
- ✓ **Short-term multiple employers (performing artists).** A student, such as a musician or other type of performing artists, may work for multiple short term employers (gigs). The student should maintain a list of all gigs, the dates and duration.
- ✓ **Work for hire.** This is also commonly referred to as 1099 employment, where an individual performs a service based on a contractual relationship rather than an employment relationship. If requested by DHS, the student must be prepared to provide evidence showing the duration of the contract period and the name and address of the contracting company.
- ✓ **Self-employed business owner.** A student on OPT may start a business and be self-employed. The student must be able to prove that he or she has to proper business licenses and is actively engaged in a business related to the student's degree program.
- ✓ **Employment through an agency or consulting firm.** A student on post-completion OPT must be able to provide evidence showing he or she worked on average of at least 20 hours per week while employed by the agency.
- ✓ **Paid employment.** A student may work part time (at least 20 hours per week when on post-completion OPT) or full time.
- ✓ **Unpaid employment.** A student may work as a volunteer or unpaid intern, where this practice does not violate any labor laws. The work must be at least 20 hours per week for a student on post-completion OPT. A student must be able to provide evidence acquired from the student's employer to verify that the student worked at least 20 hours per week during the period of employment.

Source: http://www.ice.gov/doclib/sevis/pdf/opt_policy_guidance_042010.pdf

IMPORTANT! All employment must be directly related to your degree program! Keep a record of each of your OPT employment as evidence that you did not accrue 90 days of unemployment. If you exceed 90 days of unemployment, you will automatically lose your F-1 status!

Send an employer letter to the OISS

8 C.F.R. § 214.2(f)(12)

General. An F-1 student who is authorized by USCIS to engage in optional practical training (OPT) employment is required to report any change of name or address, or interruption of such employment to the DSO for the duration of the optional practical training. A DSO who recommends a student for OPT is responsible for updating the student's record to reflect these reported changes for the duration of the time that training is authorized.

- ✓ Report your employment by sending OISS a letter written and signed by your employer on business letterhead, using the format of the “**sample letter**” provided in the OISS website. Send it to oiss@pepperdine.edu with “**Reporting page 25**” in the subject line.
- ✓ Whenever you send a new employer letter, **include in your email the last date you worked for the previous employer**. It is important that you keep track of your days of unemployment, in order to maintain your legal status in the US.
- ✓ If you do not plan to continue OPT, you must send an “**exit statement**” to the OISS (see page 27). If you have exceeded 90 days of unemployment, you will be considered “out of status” and must depart as soon as possible. In order to be able to go back to school or apply for a different visa status, you must be “in status.”

Travel during OPT

8 C.F.R. § 214.2(f)(13)

Temporary absence from the United States of F-1 student granted employment authorization.

An F-1 student who has an unexpired EAD issued for post-completion practical training and who is otherwise admissible may return to the United States to resume employment after a period of temporary absence. The EAD must be used in combination with an I-20 ID endorsed for reentry by the DSO within the last six months.

You MUST:	You must NOT:
... submit a completed “ <i>Travel Permission for OPT</i> ” form to oiiss@ppeperidne.edu before each trip.	... forget to submit a “ <i>Travel Permission for OPT</i> ” form to oiiss@ppeperidne.edu before each trip.
... make sure the DSO’s travel endorsement signature on the back of your Form I-20 is dated within 6 months before your reentry to the US.	... enter the US as a visitor (B-1, B-2, WB or WT) or any other visa classification. You will lose your OPT work authorization!
... make sure your F-1 visa is valid for reentry. If your F-1 visa has expired, you must apply for a new F-1 visa before reentering the US.	... lose your Form I-20 or Employment Authorization Card. Save a copy of all of your documents, even after they have expired.

Send an “exit statement” to the OISS

8 C.F.R. § 214.2(f)(10)(ii)

Duration of status while on post-completion OPT. For a student with approved post-completion OPT, the duration of status is defined as the period beginning when the student's application for OPT was properly filed and pending approval, including the authorized period of post-completion OPT, and ending 60 days after the OPT employment authorization expires (allowing the student to prepare for departure, change educational levels at the same school, or transfer in accordance with paragraph (f)(8) of this section).

Termination of practical training. Authorization to engage in optional practical training employment is automatically terminated when the student transfers to another school or begins study at another educational level.

Your “exit statement” to the OISS should clearly indicate what you plan to do upon completion of your OPT, or at any time during your OPT. Most students plan to depart from the US, start a new program of study, or change their visa status:

- ✓ Provide your date of departure from the US (you must depart within 60 days of your OPT end date, or before you accrue 90 days of unemployment).
- ✓ Begin a new program of study (you must request that your SEVIS record be released to the new school within 60 days of the OPT end date or before you accrue 90 days of unemployment).
- ✓ Apply to USCIS for a different visa status in the US (the application must be received by USCIS within 60 days of the OPT end date or before you accrue 90 days of unemployment).

H-1B cap-gap OPT extension

- ✓ Students who have completed a degree in a STEM major may qualify for an extension of their OPT. Students who have completed a non-STEM major usually apply for the H-1B visa, a work visa for aliens who work temporarily in the United States in a specialty occupation. A bachelor's degree or its equivalent is generally the minimum entry requirement.
- ✓ Each Fiscal Year (FY) the H-1B visa has a “cap,” or limited supply. Each FY begins with the first day of filing on April 1, with the requested employment start date to begin not earlier than October 1. The cap may be “reached” on the first day of filing, so your employer should file a petition on your behalf no later than April 1, if possible.
- ✓ Certain employers are exempt from the cap. They include:
 - institutions of higher education
 - nonprofit entities related to or affiliated with an institution of higher education
 - nonprofit research organizations
 - governmental research organizations
 - The first 20,000 employees who have earned a U.S. master's degree or higher are not counted towards the cap (but are counted after the first 20,000 slots have been taken)
- ✓ If your employer successfully files a petition on your behalf while your OPT is still effective, your OPT will be extended to September 30, enabling you to continue working until the H-1B becomes effective on October 1. This is known as the “cap-gap” OPT extension.
- ✓ To request a new Form I-20 with the cap-gap OPT extension, send a copy of the notice of receipt of your H-1B petition, issued by USCIS, to oiss@pepperdine.edu .
- ✓ For more information go to: <https://www.uscis.gov/>, www.travel.state.gov, and http://www.ice.gov/doclib/sevis/pdf/opt_policy_guidance_042010.pdf .

Is my major a STEM major?

- ✓ Pepperdine University offers the following programs that have been designated as STEM (science, technology, engineering, and mathematics) majors based on a comparison with the description of majors listed under the Classification of Instructional Programs (CIP) of the US Department of Education:
 - ✓ BA/BS in Biology
 - ✓ BS in Chemistry
 - ✓ BS in Computer Science/Mathematics
 - ✓ BS in Mathematics
 - ✓ BA in Natural Science
 - ✓ BS in Nutritional Science
 - ✓ BS in Physics
 - ✓ MS in Applied Finance
 - ✓ MS in Applied Analytics

What you should know about the 24-month STEM OPT

Students on OPT based on a STEM major may apply for an additional 24 months of OPT. The new STEM OPT rule, published at [81 Federal Register 13039 on March 11, 2016](#), introduced the following requirements, effective May 10, 2016:

- If you file your extension application on time and your OPT period expires while your extension application is pending, you are authorized to continue employment for up to 180 days after the expiration of your post-completion OPT.
- Your job must be a paid job, for at least 20 hours per week.
- Your employer must be registered in E-Verify
- Your employer must have an Employer ID Number (EIN), also known as the Federal Tax Identification Number.
- You may not be self-employed.
- An additional 60 days of unemployment will be added, allowing up to 150 days of unemployment .
- You may apply for two STEM OPT extensions during your lifetime. The second STEM degree must be at a higher degree level.
- You may use a prior STEM degree to apply for a STEM OPT extension, even if your current 12-month period of OPT is based on a non-STEM major, if the prior degree was earned from a US institution of higher education no more than 10 years before the DSO recommends the extension.

How to apply for the 24-month STEM OPT extension

Step 1: Submit a completed *Form I-983, “Training Plan for STEM OPT Students,”* to oiss@pepperdine.edu. A tutorial is available to help you and your employer complete the form at <https://studyinthestates.dhs.gov/form-i-983-overview>. A sample *Form I-983* is also provided in the OISS website. NOTE: A temporary or staffing agency cannot complete and sign the *Form I-983*. The “official with signatory authority” must be employed by the E-verified organization that provides the actual training.

Step 2: Request a new Form I-20 recommending the STEM OPT extension and provide a mailing address. If you wish to request next-day delivery of your Form I-20, create and submit a UPS shipping label at <https://study.eshipglobal.com/>, and then notify the OISS by telephone.

Step 3: Refer to *Section B* of this *OPT Manual* for instructions on how to prepare your application materials. In addition to all of the documents listed on page 12 of this *OPT Manual*, send a copy of the new Form I-20 and your STEM degree (diploma or official transcript). **Do NOT send a copy of your *Form I-983*.**

Step 4: Refer to page 33 of this *OPT Manual* and mark the dates on your calendar to make sure you will remember to send your 6-month validation reports and annual self-evaluations to the OISS.

Filing deadlines: USCIS must receive your application:

- Before the expiration of your 12-month OPT
- No sooner than 90 days before the expiration of your 12-month OPT
- No later than 60 days from the date your DSO recommended the extension in SEVIS and printed your new Form I-20
