MODELS OF ALUMNI PROGRAMS

What is a Chapter?

A Chapter is a regional program based on geographic locations throughout the world that enable alumni to remain close to their alma mater, regardless of their location. There are no membership fees to be a part of the local Chapter.

A Chapter is led by a president or copresidents and Chapter Executive Board made up of local alumni leaders who act as ambassadors promoting the relationship between alumni and the University. The Alumni Association provides leadership, guidance, and resources in support of Chapters and works closely with Chapter leaders to engage:

- Current and prospective students
- Parents of students and alumni
- Friends with a vested interest in the welfare of the University
- The graduates of Pepperdine University (more than 80,000 worldwide)

What is a Network?

A network is based on career or industry to provide a forum to draw alumni in similar fields together for professional development, regardless of school affiliation or location. Networks shall be regulated and moderated by an alumni leader, receiving guidance and support from the Alumni Association to make it more beneficial for all. In essence, these will be “industry Chapters” instead of “regional Chapters.”

What is a Club/Society?

A Club/Society is an informal gathering of alumni based on their affinity to the University during their time as students, from Greek life to Bar Society and other common interests. In essence, these will be “affinity Chapters” instead of “regional Chapters.”

CHAPTER CALENDAR PLANNING

Calendar Proposal

All Chapters should propose a preliminary annual calendar of events by November 20 of the preceding year to allow time for approval and design development for mailings. Please include scheduled Chapter Executive Board meetings or conference calls on your calendar for easy reference.

When submitting your calendar of events, please be sure to include an Event Proposal Form per event to the best of your ability with an estimated budget for cost-incurring events.

- Event name
- Proposed date
- Tentative location
- Description (how do you want this event advertised on the Web site?)
- Assigned Chapter Executive Board member
- Budget with estimated expenses and revenue

The Alumni Association will review the calendar for approval. Should your proposed event conflict with another University program, holiday, or cannot be properly supported by the Alumni Association, an agreement or compromise will be reached. If the event is deemed inappropriate or not in alignment with the mission of the University, it will not be accepted.

Chapters are encouraged to hold a preliminary chapter retreat to brainstorm and discuss ideas for events and incorporating the goals of the Chapter with each activity.

Completed Event Proposal Forms **MUST** be submitted at least six weeks for non-paid events and eight weeks for paid events prior to the preferred date. (exception: big-budget events require three months for planning)

Budgeting

Event funding is available based on the corresponding Chapter tier. In order to receive seed money, a budget must be submitted for the events where costs are incurred.

All events that have expenses must be approved by the Director of Chapters and Regional Programs, if under \$2,500, or the Executive Director of Alumni Affairs, if expenses exceed \$2,500.

Additional funding may become available for key events, with proper advanced planning and necessity.

Event Programming and Branding

There are three areas of programming we ask each Chapter to include in developing their calendar: community outreach, career connections, and fellowship. We also offer event-branding suggestions to provide continuity among the Chapters.

- **Community Outreach**
Examples
 - Freely Give for the Holidays Reception
 - Freely Give Community Service Projects
 - Direct volunteer opportunities
- **Career Connections**

PEPPERDINE UNIVERSITY

ALUMNI ASSOCIATION

Examples

- Night to Network
- New Graduate Night to Network
- Industry luncheons
- Corporate/Alumni Association partnerships
- Lecturers/Career coaches

- **Fellowship**

Examples

- ACT Social (Alumni Coming Together)
- Alumni Night at the Ballpark
- Best of Pepperdine (faculty speakers)
- Welcome Home Party
- Grape Escape
- Cultural activities
- Picnics
- Waves athletic events

Please follow the procedures for executing an event properly as noted in the Event Planning Checklist. It is important to delegate responsibility from booking a location to arranging sponsorships so the workload is not overwhelming. **The quality of the event will suffer with insufficient planning and execution time.**

Post-Event Reporting

Within one week after an event, please e-mail or fax the following materials:

- Post-Event Report
- Final budget breaking even
- An accurate attendance list
- Photos

Be sure to submit the receipts immediately following an event, so the Alumni Association can process reimbursements or payments in a timely manner.

All of this helps in the process of tracking alumni and success of events so we can better serve and meet the needs of Chapters.

- Alumni Association will receive and gather requests from online chapter interest forms, alumni officer referrals or any other recommendations to identify alumni from the region that are interested in starting a Chapter
- Interested alumni will work with the Alumni Association to create a survey or interest letter to be e-mailed to all alumni, parents, and friends in the area

- The staff member will schedule a preliminary conference call with Regional Representatives to discuss chapter expectations, brainstorming, and alumni goals
- Each Regional Representative must sign the Developing Chapter bylaws and submit the petition to the Alumni Association

Launch Event

To ensure that sufficient volunteer support exists in an area before establishing a Chapter, the Regional Developing Board should first organize an event to gauge interest for Developing Chapter status.

- Set a date, time and location for a launch event to gauge interest from the local region
- Assign responsibility to each Regional Representative for the event planning procedures and complete an Event Proposal Form to submit to the Alumni Association
- Schedule a follow-up conference call with the Regional Developing Board and have one person facilitate taking notes on following up with a Post-Event Report
- Plan at least one other event from a different programming area and include a Step Forward Day project for region
- Funding is available on a case-by-case basis for launch events
