Step 1 of 3 Review Assignment Details

Description

Instructions

The reflection you will be completing is designed to measure your understanding of cultural diversity and global awareness. You should plan for 2 hours at one sitting to complete this assignment.

1. Read the article attached.
2. Answer all the questions in the template.

Think about each question carefully and then answer as best you can. Please use full sentences and try to respond in complete thoughts. Take as much space as you need.

There are no right or wrong answers. The answer for each question will be evaluated on its own merit and should be complete—do not assume that your answer to an earlier question will be read as part of your answer to a later question.

For your interest, a rubric is attached that shows the content areas the content areas we are measuring with the degree and complexity we think your responses should reflect.

Thank you for helping us with this project!
