

OFFICE OF INSTITUTIONAL EFFECTIVENESS

REFLECTIVE QUESTIONS

Adding a reflective question about an assignment uploaded to LiveText can provide specific indirect data. This type of information can make your analysis of the direct assessment much richer. Some examples of reflective questions include:

1. How well prepared were you for this assignment? Please explain.
2. What courses in the curriculum contributed most to your ability to ____ (e.g. think critically).
3. What prerequisite course helped you the most in this class?
4. Do you think we spent enough time on this topic?
