

CAMPUS SAFETY AND FIRE SAFETY REPORT

Pepperdine University is an independent, medium-sized university enrolling approximately 7,700 students in five colleges and schools. Seaver College, the School of Law, the Graduate School of Education and Psychology, the Graziadio School of Business and Management, and the School of Public Policy are located on the University's 830-acre campus overlooking the Pacific Ocean in Malibu. Courses are taught in Malibu, at four graduate campuses in Southern California, permanent program facilities in Washington, D.C., and at international campuses in Germany, England, Italy, Switzerland, Argentina, and China.

George Pepperdine, a Christian businessman who founded the Western Auto Supply Company, founded the University in 1937. For the first 30 years of its life, the institution was a small, mostly undergraduate college. University status was achieved in 1970 as the institution added graduate and professional schools. In 1972, the University opened its new campus in Malibu.

Pepperdine University is religiously affiliated with Churches of Christ, of which Mr. Pepperdine was a lifelong member. Faculty, administrators and members of the Board of Regents represent many religious backgrounds, and students of all races and faiths are welcomed. It is the purpose of Pepperdine University to pursue the very highest academic standards within a context that celebrates and extends the spiritual and ethical ideals of the Christian faith.

PUBLIC SAFETY SERVICES- The Department of Public Safety (DPS) is organized under Phil E. Phillips, Vice President of Administration for Pepperdine University. The Chief of Public Safety is Associate Vice President of Planning, Operations and Construction and of the Department of Public Safety, Lance Bridgesmith. The Department of Public Safety is committed to provide and maintain a safe and secure environment while respecting the rights and dignity of individuals utilizing programs and facilities of Pepperdine University. The mission shall be accomplished within the constraints of federal, state and local laws and ordinances.

Specific services include but are not limited to 24-hour a day, 365 days a year security patrols, emergency response, threat assessment, building security, parking/traffic enforcement, campus safety escorts, dignitary protection, and dissemination of safety-related information.

REPORTING OF CRIMES OR EMERGENCIES- Every Pepperdine University student, faculty member, employee or visitor who observes any suspicious or criminal activity, including suspicious persons seen in the parking lots or loitering around vehicles, inside buildings or around the residence halls, should notify the Department of Public Safety. The Department of Public Safety will conduct a field investigation report and, if necessary, refer the matter for internal or external investigation by proper authorities. In the event that a situation arises, either on or off campus that, in the judgment of the University administration and Department of Public Safety, constitutes an ongoing or continuing threat that may impact the safety of students and employees, an "emergency notification" or a campus-wide "timely warning" will be issued. The warning may be issued through the campus voicemail, email system, text message or printed materials to students, faculty, and staff. Updates may also be made on the University Emergency blog located online at: <http://emergency.pepperdine.edu/>

To report a crime on the Malibu campus (and all other domestic campuses), call 911. Then please call the Department of Public Safety at (310) 506-4441. For non-emergencies call (310) 506-4442. Additionally, on the Malibu campus, one may pick up the handset on any Blue Light telephones located throughout campus and be immediately connected to Public Safety. In person reports can be made to Public Safety which is located on the first floor of the Center for Communication and Business building, below the Seaver Drive / President's Drive intersection on the Malibu campus. For all international graduate campus in Southern California, please contact local law enforcement and/or the program director. In addition, you may report a crime to the

following areas: Office of Student Affairs, Human Resources, and the Dean's Office for each of the various schools of Pepperdine University.

CONFIDENTIAL REPORTING-Individuals who are the victim of a crime and do not want to pursue action within the University's internal procedures or the criminal justice system, may still want to consider making a confidential report. To anonymously report information to the Department of Public Safety, please call the Anonymous Wave Tip Line at (310) 506-7623, use the on-line form at: <http://www.pepperdine.edu/publicsafety/concern/>, or the anonymous reporting option on the LiveSafe app. The Student Health Center and Counseling Center staff are also available to take confidential reports. Please be aware that California law requires prompt mandatory reporting to the local law enforcement agency by health care practitioners (such as those at the Student Health Center) when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. The purpose of a confidential report is to comply with the victim's wish to keep the matter confidential, while taking steps to ensure the future safety of the campus community.

EMERGENCY NOTIFICATION- The University will notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, unless issuing such the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. In appropriate circumstances, faculty, staff and students will receive information sent directly to them via an emergency notification system, e-mail, or communication from co-workers, supervisors, or Emergency Response Team (ERT) members. The emergency communication system allows the University to send messages directly to community members. These messages can be sent to e-mail; cell, office, and home telephones; SMS/text message; and designated emergency contacts. The system is dependent upon the contact information provided in the WaveNet Portal by each individual. This system is only used for testing and emergency communications. Periodic testing of the system is conducted.

PREPARATION AND REPORTING OF ANNUAL DISCLOSURES OF CRIME STATISTICS- The Department of Public Safety, along with designated University employees from Judicial Affairs, international programs, and local educational centers, and with the assistance of local law enforcement officials, collect and compile campus crime statistics and post these findings on this website to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act of 1998. The Act requires colleges and universities to annually distribute information about its campus safety procedures and crime statistics to the Federal Department of Education, as well as to the institution's current and prospective students, and employees.

You will also be able to connect to our site via the Pepperdine homepage at www.pepperdine.edu. The URL address for this report is distributed annually to current students and employees through common modes of communication. Copies of this report are also available at the Department of Public Safety or by calling (310) 506-4700. All prospective employees may obtain a copy from Human Resources in TAC or by calling (310) 506-4397. The daily Crime Log is also available by contacting the Department of Public Safety at (310) 506-4700 or viewing the incidents occurring in the last 60 days on the Public Safety website.

ACCESS, MAINTENANCE AND SECURITY OF CAMPUS FACILITIES

Malibu, California

At the Malibu campus, closed-circuit television technology is utilized for security purposes. Emergency telephones have been installed at both entrances to the campus, the Main lot (B), the Phillips Theme Tower Lot (A), the Firestone Fieldhouse lot (P), the Stotsenberg Track, the Rho lot (J), Stauffer Chapel lot (C), Law Student lot (F), Terraced lot (I), Drescher parking lots, throughout the residential community, and all campus building elevators. These phones have been strategically placed throughout the campus to expedite requests for Public Safety assistance. A fire alarm monitoring system for all on campus housing areas and campus buildings has been installed in the Public Safety communication center, which is staffed 24-hours a day. Intrusion alarms have been installed at various locations on campus to increase security protection. Many doors, including all doors throughout the student living area, are keyed with card access key system. This electronic security device allows for the deactivation of lost keys and audit of all keys used in a particular lock.

Seaver College provides on-campus housing for approximately 1,500 unmarried students. The School of Law and other graduate programs provide on-campus housing for approximately 250 students. There are approximately 100 faculty and staff living on campus. Students are encouraged to keep all residential areas locked 24-hours a day. Additionally, exterior doors in the student housing standard residence halls are equipped with alarms in the event the door is left open. These alarms are monitored remotely in the Public Safety communication center. Public Safety officers patrol the student housing areas on a regular basis. All vehicles on campus must be registered with the Department of Public Safety, or a one-day parking passes must be obtained at one of the information/security booths located at the entrances to the campus. Permits are to be displayed while the vehicle is parked on University property. Access to the campus is screened 24-hours a day, seven days a week. After 5:30pm on weekdays and all weekends, drivers must prepare to present a valid permit and/or articulate a valid reason to access the campus.

The following security considerations are used in the maintenance of the campus facilities: 1) annual tests for fire and panic alarms, 2) monthly tests for emergency and blue light phones throughout campus, and 3) repairs requiring access to a living area by non-university individuals, residents are notified in advance or the individuals are escorted by University representatives into the living area.

Encino, California

Upon entry to the building, campus visitors are greeted by the building management's security guards. The guard determines to permit access or not based on designated criteria, i.e. if the individual is a student, faculty, authorized guest, contracted vendor, etc. Campus doors are kept locked except when in use by authorized individuals. The building has cameras in the elevators and parking elevators which are monitored by security personnel. The building staff monitor exterior hallway lighting, parking lighting, as well as exterior signage lighting. Repairs and replacement needs are reported to building management.

Security practices and procedures at the Encino campus included an annual fire drill. Before the drill, participants are provided a two-hour emergency response training with topics including active shooter response, fire, earthquake, and power outage responses. In addition, campus constituents access Pepperdine's Public Safety materials on line quarterly to refresh skills, and be reminded of the safety/security provisions available.

Irvine, California

The Irvine Graduate campus (IGC) is accessible to students, faculty, staff and visitors during Campus hours Monday-Thursday 8am-10:30pm, Friday 8am-9:30pm, Saturday 7:30am-5:30pm and Sunday 12pm-7pm. During that time, the lobby entrance and elevators are accessible to 2nd, 3rd and 4th floors. After hours, the lobby entrance and elevators are locked down and an

assigned card key is needed to enter the building and elevators. The reception desk is staffed by the Office of Graduate Campuses staff during regular business hours. Lakeshore Towers (building management) has 24 hours/ 7 days a week security service (PacWest Security Services) and monitors cameras installed at the elevators, parking structure/elevators and lobby entrances. The outdoor stairs to the 2nd floor glass doors remain locked always.

The Irvine staff walk through the facility daily to assess the maintenance needs. Irvine staff place a service request to the Lakeshore Towers (building management) to replace all burnt out light bulbs or other needed repairs or replacements. The University is responsible for supplying the light bulbs and ballasts. All common area lighting is maintained and serviced by the building management with regular inspections.

The Irvine staff are trained in CPR/First Aid/AED and have attended Active Shooter Response training, Fire/Life/Safety training, are members of Pepperdine's Emergency Response Team (ERT) as well as being suite monitors for Lakeshore Towers management. We also inspect/update all the emergency equipment, fire extinguishers, AEDs, flashlights, emergency barrels, first aid kits, ERT backpacks on regularly scheduled intervals. All Irvine staff participates in annual fire drills performed by Lakeshore Towers management. There are emergency evacuation plans posted throughout the campus with guidelines to familiarize yourself with all exits, know where fire extinguishers are located, how to evacuate the building and proceed to the evacuation assembly area location. Building management also send security emails regarding how we can be responsible for our own security. Example the last email was 'Protecting Your Vehicle' and what students and staff can do to help prevent vehicle burglary in the parking structure.

Westlake Village, California

The Westlake Village campus (WVC) is accessible to students, faculty, staff and visitors during campus hours. Monday - Thursday 9am - 10:30pm, Fridays 9am-9:30pm and Saturday 8am-5pm. During that time the front door to the suite is unlocked. All classrooms and offices remain locked when not in use. After hours, the faculty and staff have keys/scan cards to gain access to the campus. The building management, Kilroy Realty Corporation, have security cameras installed in the hallway outside the suite door. Anyone who enters WVC passes by the front desk. The desk is staffed by the Campus Coordinator or Campus Director, both are Pepperdine employees. As people come into the campus, they are welcomed and it is confirmed that they have business at WVC. Every effort is made to have at least one staff member at the front desk for the majority of time, especially during high traffic times. If the employee steps away the desk, a sign is posted stating where they can be found on campus.

Within the WVC suite, a weekly light assessment for the classrooms, offices, study and conference rooms, IT/Library, faculty and student lounges, all hallways and common spaces is conducted. When lights need to be replaced the campus director submits a service request for Kilroy's Building Engineer. The repair or replacement is completed in a timely manner (typically within 2 to 24 hours). All lighting in the building hallways, common areas and restrooms is monitored and maintained by our building manager engineers (Kilroy). All the lights in the exterior of the building and the parking lots are managed by Topa Management Company.

Each of the campus coordinators along with the campus director have been trained in CPR/First aid/AED, have attended Active Shooter Response training, Fire/Life/Safety training, are members of Pepperdine's Emergency Response Team (ERT) as well as are suite monitors for Kilroy Building Management. As a regular practice, the director requires the coordinators to review the Pepperdine Emergency procedures. We also check/update all the emergency equipment, fire extinguishers, AEDs, flashlights, fire alarms, emergency barrel, first aid kits, ERT backpacks, etc on regularly scheduled intervals. Each of the coordinators and the director have participated in annual fire drills that are performed by Kilroy. There are emergency exit signs posted throughout the campus; in common areas, in each classroom, in the faculty and student lounges, etc. They include routes to the outside safe refuge area, the locations of emergency exits and alarms as

well as emergency numbers (911 and Pepperdine's DPS). All phones on campus used by faculty and staff have stickers with the numbers to report emergencies (911 and Pepperdine Public Safety).

West Los Angeles, California

The Hines property management company monitors access at the West Los Angeles (WLA) campus 24 hours a day, 7 days a week. The WLA campus is accessible to students, faculty staff and visitors Monday through Friday 7:00am to 11:00pm, Saturday 8:00am to 5:30 pm, and Sunday 12:00 pm to 7:00pm. During these times, the lobby elevators and entrance permit access to all floors 2, 3, 4 and 5 inside the building (with the exception of floors 4 and 5 on Sundays). Anyone requiring access at times other than those stated must have a security access cardkey. The security officers will escort Pepperdine community members to their vehicles whenever requested. The property and building access points are monitored by surveillance cameras. The security officer at the console in the lobby is responsible for monitoring the cameras. In addition, security patrols the campus and parking garage perimeter. Additional cameras monitor the loading dock, and the fire stairwell that exit onto Park Terrace Drive.

On the individual floors occupied by Pepperdine University, the suite receptionists are the first line of control to recognize potential intruders. Additionally, the employees and the day porter have a visible presence, monitor the space during regular business hours, and maintain contact with the Hines security team.

At the WLA campus access to office suites is controlled by the Identocard Security and monitored by the Office of Graduate Campuses (OGC). The cardkey used is the same issued by the property management for parking, building and elevator access. The custodial staff adheres to our policy regarding access to office space. The occupant of the space has a key and under no circumstances will custodial staff required to unlock a door or permit anyone into the office while performing their duties. They are required to report immediately suspicious persons. Upon separating from the University, the employee supervisor is obligated to inform the OGC so that the cardkey can be deactivated. Overnight parking is not allowed unless authorized by the management office. Vehicles left in the parking garage longer than 24 hours without the required "Overnight Parking Pass" is subject to be towed.

The campus staff including and custodial staff conduct a daily inspection of the facility and report and repair or replacement needs. Routine maintenance of lighting is the responsibility of the building management. The building management team, including the building engineers, parking management, building security and custodial crew, all play a crucial role in maintenance security/life safety of the building community. In addition, we encouraged our Pepperdine community to report any outages or suspicious activities on the campus and the information is communicated to the property management team.

The safety and security of our campus is a high priority, but we also rely on each individual to do their part. The OGC provides leadership for WLA Campus Safety as well as promotes and contributes to security through preparation and response to emergencies. The OGC encourages all members of the community to use our many resources to protect themselves. Building security provide 24-hour general assistance, including the security escort program and information that has an impact on the campus community is reported to Pepperdine's Department of Public Safety. We have developed and maintained excellent working relationship with our stakeholders and partners, LAPD and property management in the furtherance of our security goal.

The Campus community has access to useful information on Pepperdine website in the event of an emergency and as a reminder about good safety habits. In addition, emergency preparedness guide/brochures with safety tips are distributed among students and the Campus community as an added resource as well as paper postings. Active Shooter Response Training has been integrated as part our Active Shooter Preparedness and emergency response for our community.

Our constituents participate and attend training for CPR/First Aid and AED as well as Fire/Life Safety Training and Evacuation Drill.

Buenos Aires, Argentina

Students and employees may access the facility one from Casa Holden not Olleros. Both entrances have call buttons that direct dial the local police. Students access the facility by using a security code.

Florence, Italy

The Florence program facility has three accesses: Viale Milton 41 (main student access), Via Landino 15 (guests access) and Via Landino 11 (food suppliers access). The door in Viale Milton 41 can be opened only with a code. There is no key to open the door. The code to this door is only given to the students, professors and staff members and they are told to keep the code strictly confidential for safety reasons. Via Landino 15 is used by guests during office hours for administrative purposes. Students do not use this entrance. This door is regularly locked at the end of the workday and is unlocked the following day. Via Landino 11 is a gate used by food suppliers and technical staff. The gate can be opened from the office whenever a supplier needs to enter and rings the doorbell. Video cameras are installed on the top of all these doors (and a fourth one inside the courtyard)

Security considerations regarding the maintenance of the program facility are completed in the following ways:

- SIRTE (the electricity company) checks all fire and gas detectors every six months. Sirte also checks all electrical panels and fuses every six months.
- CABER company performs a check on all the fire cutter doors, extinguishers, magnets and emergency water hoses every six months.
- SIRTE also performs an annual check on the whole system (additional to the one listed above), lamps, sockets, air conditioning, wires and overall electrical stream.
- An emergency slide show is presented to students providing an orientation on all types of emergencies, in addition to the program handbook.

Heidelberg, Germany

Access to enter Moore Haus is gained by use of a security code. Students are instructed not to give the code anyone not living in the house. There are security cameras on the premises monitored both from the Heidelberg campus and also accessible by DPS in Malibu.

There are smoke detectors in all of the rooms in Moore Haus. These are very effective and have functioned when necessary. All students living in Moore Haus are asked to report any lights that need to be changed. A student employee also is in charge of checking the lights and other maintenance needs throughout the entire house. Also, Martina Drefs, Program Assistant, does this regularly.

Security practices and procedures are addressed extensively in orientation. Student safety is one of the Heidelberg international program's main concerns and goals. In addition to everything stated above, on the first floor of Moore Haus, there is a blue box marked Hausalarm with a button to press which alerts the Badischer Sicherheitsdienst. This is a security firm contracted by the Heidelberg international program that will come to Moore Haus within 15 minutes (sometimes less) in the case of any emergency in which a student cannot get in touch with a person in charge on the premises.

Lausanne, Switzerland

Access to the Lausanne facility is completed by use of a key card and unique PIN. Students are trained to close the doors behind themselves, and are not allowed to open the door for strangers (only staff may do this). Family and friends may only visit during visitation hours, and must sign the guestbook and be introduced to the Director or Assistant Director. Doors have prop alarms,

and resident advisor perform a nightly "lock-up" at 10:00pm at which they walk the entire building, checking doors and windows to ensure they are closed and locked.

The perimeter of the building is mostly monitored by cameras. There is lighting on the exterior by all doors. All burned out lights or other maintenance needs are identified by resident advisors during their lock-ups, or by the maintenance staff, and replaced.

At beginning of each semester, the program director provides an extended session in orientation on safety. All safety aspects of the building and access, with regard to going out into Lausanne (especially in the evenings), and related to students' travel on weekends are discussed. Responsible decision making regarding alcohol consumption, caring for someone who has over-consumed alcohol, protecting oneself and others against assault, responding to sexual assault, and responding in the case of a violent attack which occurs in close proximity is also discussed.

London, United Kingdom

Access the London program is completed through the use of key cards. All repair persons are escorted around the house after ringing doorbell for entry. There are security cameras at each door for monitoring entrances and the resident advisors routinely check the doors and windows at night. All students responsible for looking for strangers in house. An unauthorized guests found in the house could result in disciplinary action.

Maintenance problems are reported by the resident advisors and a maintenance person monitors electrical problems daily and is trained electrician.

Security practices and procedures are covered during in student orientation. An educational video reviews past security lapses and shows students how to help keep house secure. The resident advisors are responsible for making sure students do not allow outsiders (including parents) into house.

Shanghai, China

The Shanghai facilities have one gate and a guard 24- hours a day, seven days a week. The gate is open during the daytime, but the guard still ensures that non-students do not enter unless otherwise cleared. At nighttime (after 2:00am), the gate is closed and can only be opened by the guard, after which students must sign in. Staff offices are accessible only with a key card. There are two full-time staff who maintain the facilities. They are supervised by the program director and the program coordinator. Most maintenance issues are identified and resolved quickly. If issues are identified first by students, they typically tell a program staff, who make sure it is resolved in a timely manner. If there is an emergency maintenance issue when the maintenance staff are not on duty, the resident advisors, the 24/7 guard and/or one of the students will contact the program director.

Students are coached on personal safety in a number of ways, especially during orientation in which we go over a number of policies, best practices and scenarios. There is also language on personal safety in the program handbook.

LAW ENFORCEMENT AUTHORITY AND INTERAGENCY RELATIONSHIPS- Public safety personnel, designated as first responders, receive training, including CPR/first aid/AED, fire and police response. They also have opportunities for additional specialized training related to their assignment. Public Safety personnel have the authority impose a citizen's arrest and to detain individuals until local law enforcement arrives. The Department of Public Safety has an ongoing, working relationship with local law enforcement agencies in providing updated information, joint investigations, and training.

Washington DC

All facilities (including elevators) used by students are accessible only by Pepperdine-issued key cards. Student residences require both key cards and a pin code. The front door to the building is open during business hours 8am-6pm, but requires a key card during evening/night time. The building has 24-hour security officer on duty who conduct walk-throughs regularly and monitor via CC cameral system.

There is a full-time building management and security company readily available to attend to any security or maintenance issues. Program and building maintenance staff conduct (at minimum) weekly walk-throughs of the facility to check for any issues or safety hazards. All students and staff know to immediately report any concerns or maintenance issues to the Program Coordinator, who works with the building manager to have issues fixed as quickly as possible. The Program Coordinator lives on campus so can be easily reached in case of emergency.

Written security information is provided to students and staff in handbooks and all emergency and security protocol are reviewed during orientation at the beginning of each term. A tour of the facility and the surrounding neighborhood is given and that includes safety information and security protocol. A detailed power point presentation regarding rules and procedures is presented. Students understand that violating security protocol can lead to disciplinary action—this can include not signing in guests at the security desk, having unapproved overnight guests, or not filling out the travel log that is required to confirm student locations during weekends. Additionally, building security officers speak to students at the beginning of the term about their roles and what students and staff can do to help ensure the safety of the facility.

CRIME AWARENESS AND CRIME PREVENTION PROGRAMS

In addition to patrolling the Malibu campus 24-hours a day, Public Safety sponsors a variety of crime prevention and safety programs for students and employees at the Malibu campus. Additional, the graduate campus and international program campuses have crime awareness and crime prevention programs. The following are crime prevention programs available at the Malibu campus:

Security Escort Program -Officers are available 24-hours a day, and between 8:00 p.m., and 2:00 a.m., there are dedicated resources to provide security escorts seven days a week to ensure safe arrival between two points on campus.

Wave Watch - A residential neighborhood watch program that promotes awareness of suspicious activity in the residential community.

Operation Identification - A recognized nationwide program that encourages people to engrave, photograph, or record property identification numbers to discourage theft and place retrievable information on valuable items (e.g., televisions, stereos, computers, jewelry, etc.)

Life Safety/Security Inspection Report - Resident assistants perform inspections of student residential housing areas ensuring that the lighting, shrubbery, doors, windows, and fire safety equipment are properly maintained.

LiveSafe app- Is designed to improve communication between our University community members and Public Safety, and allows for faster emergency response in distress situations. The app is free and available to all members of our community: students, faculty, staff, parents, visitors, and friends.

Through LiveSafe, individuals can submit information and chat with Public Safety in both emergency and non-emergency situations, and they can look out for their friends and loved ones by watching them get to their destination safely with SafeWalk. If an individual needs a medical or security escort on the Malibu campus or a ride back to the Malibu campus, they can call Public Safety using the SafeRide feature. When an individual submits a tip, they can attach a photo, video clip, or audio clip, and they can submit all of this information anonymously if they choose. And, when an individual uses LiveSafe to call 911 or contact Public Safety in an emergency, the app can track their location, which helps first responders know exactly where help is needed. The University has also loaded critical information resources into the app, so individuals now have emergency response information and contact information for key University services at their fingertips anytime, anywhere—even internationally.

Crime Prevention Notices - Public Safety personnel leave notices to building users when doors, windows, or property are not properly secured. Administrators and students are notified if there appears to be a recurring problem. Public Safety also provides timely notice to the campus community of ongoing or continuing threats to aid in the prevention of similar occurrences.

Safe Ride Program - This program was developed in cooperation with the Seaver College Dean of Student Affairs to discourage driving under the influence of alcohol or other unsafe situations. Students should call the Department of Public Safety when concerned about driving or being a passenger in a vehicle operated by an impaired driver. Appropriate arrangements will be made based on the situation. This is not a confidential service.

Crime Prevention - Public Safety provides information on crime prevention topics that include rape, auto burglary, residential burglary, property thefts, etc. on our website. The Department of Public Safety also makes timely reports to members of the campus community regarding occurrences of criminal activity. Students, faculty, and staff are encouraged to be responsible for their own security and the security of others.

Immunity for Victims- Pepperdine encourages the reporting of life safety concerns. Sometimes, victims are hesitant to report to college officials because they fear that they themselves may be charged with policy violations (such as visitation, underage drinking, or sexual activity) at the time of the incident. To encourage reporting, Pepperdine offers victims immunity from policy violations related to life safety concerns.

Immunity for Good Samaritans- Pepperdine encourages students to offer assistance to other students in need, both on- and off-campus. The welfare of students in our community is of paramount importance. Sometimes, students are hesitant to offer assistance to other students for fear that they themselves may be charged with policy violations (for example, a student who has been drinking underage might hesitate to get help from Public Safety or an RA for someone who may be suffering from alcohol poisoning, or might be hesitant to provide important information about a sexual assault incident). Students who seek assistance for a student in need will receive immunity from policy violations related to the incident. This immunity from disciplinary action applies to both the "Good Samaritan" and the student needing assistance. The final determination for eligibility to receive immunity is made by the Office of Community Standards.

CRIMINAL ACTIVITY OFF CAMPUS- Student Affairs maintains contact with recognized fraternity, sorority, and all other student organizations through the efforts of the Student Activities office. These organizations do not have off campus "Greek houses." Off campus criminal activity, related to the Malibu campus, is monitored and recorded by the Los Angeles County Sheriff's Department, Los Angeles Police Department, and California Highway Patrol, as appropriate. Student Affairs and Department of Public Safety enjoy a close working relationship with these agencies when violations of federal, state or local law arises.

ALCOHOL AND DRUGS POSSESSION/EDUCATION PROGRAMS AND POLICIES- Pepperdine University seeks to foster an alcohol and drug-free environment in which to work, live, learn and grow. The University's policies regarding the possession, use and sale of alcoholic beverages or illegal drugs, enforcement of federal and state laws and drug and alcohol abuse education programs can be referenced at:

For Employees (applicable excerpt below from University Policy Manual, Section 5.2)
<https://community.pepperdine.edu/hr/policies/policymanual.htm#5-2>

In harmony with its Christian philosophy and purposes, the University expects the highest standard of moral and ethical behavior from all of its employees within the course and scope of their employment.

The expectations include, but are not limited to: sobriety; avoiding conduct that may bring reproach or embarrassment to the University; and awareness of how one's conduct may reflect upon the University's Christian mission and reputation.

While no attempt will be made to intrude on the purely personal and private lives of employees, any employee whose conduct and performance does not comply with the above stated expectations may be subject to discipline, including suspension or immediate dismissal, without prior notice.

The following general rules of conduct while on University property have been established. Employees are subject to disciplinary action or dismissal for: reporting for work, or working under, the influence of liquor, drugs, or narcotics (as specified by the Food and Drug Administration); use, sale, or possession of intoxicating liquors, narcotics, or abuse of prescription drugs; other "failures of good behavior" not mentioned specifically above which are not in concert with the University's Christian mission or are covered in other University instructions and regulations or federal, state, or local laws.

These examples of conduct and the above is not an exclusive list of conduct that may lead to discipline up to and including dismissal. Further, employees remain employed at will at all times and employment may be terminated by either the employer or employee without cause or notice.

2. For Students:

SEXUAL MISCONDUCT POLICIES, RESOURCES, AND PROGRAMS

Sexual Misconduct Policy

I. Introduction

Pepperdine University affirms that all members of our community are created in the image of God and therefore should be treated with dignity and respect. Our University code of ethics states that we do not unlawfully discriminate on the basis of any status or condition protected by applicable federal or state law. Further, we respect the inherent worth of each member of the community and do not engage in any forms of harassment. We follow the profound truth found in the Golden Rule, "In everything do to others as you would have them do to you" (Matthew 7:12).

Because of our commitment to honoring the dignity and respect of every individual, sexual misconduct (and any related retaliation), as defined below, is prohibited and will result in disciplinary action, up to and including dismissal from the University. This policy applies to all University students, including any matriculated undergraduate or graduate student who is enrolled full- or part-time; has completed the immediately preceding term, is not presently enrolled, and is eligible for re-enrollment; or is on an approved educational leave or other approved leave status. This includes the period before classes begin, while the student is attending classes, between academic sessions or on leave. This policy applies even if the student withdraws from school while a disciplinary matter is pending. This policy applies to student conduct that occurs both on and off campus.

Speech that constitutes a protected exercise of a student's rights under California's Leonard Law will not be deemed a violation of this policy. However, some speech that may be protected by the Leonard Law is nonetheless inconsistent with the Golden Rule, and students are encouraged to live by this higher standard rooted in our Christian faith and heritage.

II. Definitions

The University encourages students to immediately bring any concerning behavior to the University's attention even if such behavior does not constitute sexual misconduct or retaliation as defined below.

Sexual Misconduct

Sexual misconduct includes sex discrimination, sexual harassment, sexual assault, domestic violence, dating violence, and stalking. Sexual misconduct can be committed by men or women, and it can occur between people of the same or different sex.

Sex Discrimination

Unlawful sex discrimination occurs when an individual is treated less favorably with respect to the administration of the University's educational programs and activities, admissions, financial aid, or on-campus housing, based upon that individual's sex.

Sexual Harassment

Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature that is sufficiently serious that it interferes with or limits a student's ability to participate in or benefit from the University's educational programs and activities or their living environment. Sexual harassment also includes gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature. This definition will be interpreted and applied in a manner consistent with the accepted standards of mature behavior, academic freedom, and the mission of the University.

Examples of sexual harassment include, but are not limited to:

- A student repeatedly contacts another student to go out on a date after the student has made it clear that such contact is unwelcome.

- A male professor makes several comments to a female student suggesting that if they have a sexual relationship he will give her a better grade in his class.
- A lesbian student is called a "dyke" by a male classmate, who also makes sexually explicit remarks.
- A male staff assistant in a biology lab repeatedly makes disparaging comments about women such as "science is a man's field" and "women don't have the capacity to understand."
- A student worker tells her supervisor that she is not comfortable with him massaging her shoulders, but he continues to do so and also makes comments about her attractiveness.

Sexual Assault

Sexual assault is a general term that covers a broad range of inappropriate and/or unlawful conduct, including rape, sexual battery, and sexual coercion. As defined under California law, rape is nonconsensual sexual intercourse that involves the use or threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Other examples of sexual assault include the following nonconsensual acts: oral copulation, anal intercourse, and penetration of the anal or vaginal area with a foreign object, including a finger. Sexual battery includes the nonconsensual touching of a person's intimate parts, or the clothing covering the immediate area of those parts, or forcing a person to touch another's intimate parts. Sexual coercion is the act of using pressure (including physical, verbal, or emotional pressure), alcohol, medications, drugs or force to have sexual contact against someone's will or with someone who has already refused.

Consent

Consent means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. An individual is also unable to provide consent to engage in sexual activity when the individual: 1) is a minor (age 17 or under); 2) has a mental disorder or developmental or physical disability that renders her or him incapable of giving knowing consent; 3) is asleep or unconscious; or 4) is incapacitated from alcohol or other drugs, and this condition was known, or reasonably should have been known or recognized by the accused. "Incapacitated" means intoxicated to the point that the person is incapable of exercising the judgment required to decide whether to consent.

Domestic Violence

Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of California, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of California.

Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition: 1) dating violence includes but is not limited to, sexual or physical abuse or the threat of such abuse and 2) dating violence does not include acts covered under the definition of domestic violence.

Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to: 1) fear for his or her safety or the safety of others; or 2) suffer substantial emotional distress. For the purposes of this definition: 1) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property, 2) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling, and 3) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Retaliation

Retaliation is any form of sanction or adverse treatment against a person because that person has asserted a good faith complaint of sexual misconduct, or assists in providing information regarding a complaint of sexual misconduct. Retaliation may consist of intentional disparagement, harassment, negative remarks, or other treatment that creates a hostile environment.

III. Immediate Steps to Take if you are Subject to Sexual Assault or Other Forms of Violence or Threatening Behavior

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger and you are on the Malibu campus, call Public Safety at 506.4441. If you are off-campus, call 911. If you are located at one of Pepperdine's graduate, DC, or international campuses, contact your program director or local law enforcement to obtain information regarding local counseling, medical and legal resources available to you.
2. Consider securing immediate professional support to assist you in the crisis. You can consider on- or off-campus options. During office hours, you may access the Pepperdine Counseling Center (506.4210), the Pepperdine Health Center (506.4316), the Santa Monica Rape Treatment Center 310.319.4000, the Sojourn Services (domestic and dating violence) at 310.264.6644.
3. After hours, if you live on-campus, your resident advisor, student life advisor, resident director, or Public Safety (506.4441) can typically help you reach a confidential Pepperdine University counselor.
4. After hours, if you live off-campus or live on-campus but prefer to use off-campus options, call the Santa Monica Rape Treatment Center's 24-hour hotline: 310.319.4000. When contacting SMRTC, please let them know if you are in need of transportation to and from the center, as free options are available. Students may also contact Sojourn Services at 310.264.6644.
5. In cases of sexual assault, for your safety and well-being, immediate medical attention is encouraged to evaluate for physical injury, sexually transmitted diseases, and pregnancy. Further, being examined as soon as possible, ideally within 72 hours, is important for evidence collection, which may be used to support prosecution should you decide immediately or later to pursue criminal charges. The Santa Monica Rape Treatment Center will arrange for a specific medical examination at no charge. To preserve evidence, it is best that you do not bathe, shower, douche, or change clothes before that exam. Even if you have already bathed, you are still encouraged to have prompt medical care. Additionally, you are encouraged to gather bedding, linens, or unlaundered clothing and any other pertinent articles that may be used for evidence.
6. Even after the immediate crisis has passed, consider seeking support from the Pepperdine Counseling Center, the Santa Monica Rape Treatment Center, or Sojourn Services.
7. Contact the Title IX Coordinator for Students (see contact information below) if you need assistance with University-related concerns, including academic issues (e.g., missed classes or exams; requesting extensions regarding coursework) or on-campus housing

issues (e.g., requesting that the student who you believe assaulted you be moved or that you be moved to a different residence hall).

8. Consider your reporting options (see section "Reporting Sexual Misconduct").
9. Report to Public Safety or the Title IX Coordinator for Students any concerns about retaliation against you or your friends.

IV. Seeking Confidential Support

Students who have been victimized are urged to seek confidential support from the counselors at the Pepperdine Counseling Center located at TCC 270 (506.4210) or the University chaplain, Sara Barton, at TCC 106A (506.4275). These settings allow students to receive emotional/spiritual support and think through their next steps, including reporting options, confidentially. There are rare exceptions to confidentiality in cases of court subpoena, child or elder abuse, or if there are serious threats of suicide or harm to others.

V. Title IX Coordinator for Students

The Title IX Coordinator for Students monitors the University's overall compliance with Title IX in all matters related to students, ensures appropriate training and education, and oversees the University's investigation, response, and resolution of reports made under this policy. Upon receiving reports of sexual misconduct, the Title IX Coordinator for Students ensures that appropriate action is taken to eliminate that conduct, prevent its recurrence, and remedy its effects. The Title IX Coordinator for Students is available to advise all individuals—including individuals who have experienced misconduct, individuals who are alleged to be responsible for misconduct, and third parties.

VI. Reporting Sexual Misconduct

The University encourages all students to report incidents of sexual misconduct or suspected sexual misconduct, whether they are victims or witnesses. Reporting protects victims, promotes a healthy and safe campus culture, and holds perpetrators accountable. Although a student has the right not to report sexual misconduct, many individuals subjected to sexual misconduct have shared that filing a report with the University, local law enforcement, and/or a community resource center is the beginning of the process by which they regain control over their lives. Though the reporting and disciplinary processes can be difficult, they are often worth the effort because individuals feel empowered by bringing the alleged perpetrator to justice. Reporting sexual misconduct may also help to establish precedents that will aid others in the future or prevent others from being subjected to sexual misconduct by the same perpetrator.

Students subjected to sexual misconduct have several reporting options. At the University, students can anonymously report, confidentially report, or file a formal report of sexual misconduct, as explained below. Outside the University, students can report sexual misconduct to community resource centers that specialize in providing resources to victims of sexual misconduct, file a criminal charge with local law enforcement, or file civil litigation against the alleged perpetrator. Some students will choose to pursue criminal charges (i.e., through the police and criminal courts). Others will choose to pursue University disciplinary options, if the alleged perpetrator is a Pepperdine student. Civil litigation is another option that some choose. Some will choose a combination of the above options, and some will choose none.

Under California law, the University is required to immediately, or as soon as practicably possible, disclose to local law enforcement, any report of sexual assault, whether committed on-or-off campus. If the student communicates to the University that he or she would like his or her identity withheld, the University will not disclose the student's or the alleged perpetrator's identity in its report to law enforcement.

Reporting Within the University

Note: If there is any immediate danger and you are on the Malibu campus, call Public Safety at 506.4441. If you are off-campus, call 911. If you are located at one of Pepperdine's graduate, DC,

or international campuses, contact your program director or local law enforcement to obtain information regarding local counseling, medical and legal resources available to you.

Formal Report

Anyone may formally report a complaint of sexual misconduct or retaliation related to sexual misconduct to the University by contacting:

La Shonda Coleman
Title IX Coordinator for Students
Pepperdine University
24255 Pacific Coast Highway
Tyler Campus Center Suite 210
Malibu, CA 90263
310.506.4436

A student reporting sexual misconduct may do so verbally or in a written report. If a written report is submitted, it should contain a brief written statement citing the type(s) of sexual misconduct that occurred (see definitions section above) and supporting facts (e.g., respondent name, what happened, when and where the incident occurred, witness(es), etc.). The scope of any investigation, and who will conduct the investigation, shall be in the sole discretion of the Title IX Coordinator for Students. The investigation may include, but is not limited to, meeting with the parties, talking with witnesses, and reviewing any supporting documents.

Formal reports and any related investigative materials concerning a Pepperdine student will be submitted to the associate dean of students as discussed in section VIII below to determine if an administrative or student disciplinary committee hearing will be convened. Formal reports and any related investigative materials concerning Pepperdine faculty or staff will be submitted to the grievance officer as discussed in section IX below. Formal reports concerning non-student third-parties will be resolved by the Title IX Coordinator for Students. The University reserves the right to investigate, take disciplinary action, and/or report sexual misconduct to local law enforcement regardless of how much time has passed since it occurred and even if the sexual misconduct is reported after the student graduates or employee leaves the University.

Anonymous Reporting

Any individual may make an anonymous report concerning an act of sexual misconduct. An individual may report the incident without disclosing names, identifying the alleged perpetrator, or requesting any action. Depending on the extent of information available about the incident or the individuals involved, however, the University's ability to respond to an anonymous report may be limited. Anonymous reports may be made on the anonymous Wave Tip line by calling voice mail at 310.506.7634 or on the LiveSafe app. Public Safety will receive these reports and share them with the Title IX Coordinator for Students who will determine appropriate steps.

Confidential Reporting

If a student discloses sexual misconduct to an employee (other than the University chaplain or Counseling Center staff), but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, Pepperdine must weigh that request against the obligation to provide a safe, non-discriminatory environment for all students, including the student reporting the incident. If Pepperdine honors the request for confidentiality, the reporting student must understand that Pepperdine's ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator may be limited.

Although rare, there are times when Pepperdine may not be able to honor a reporting student's request in order to provide a safe, non-discriminatory environment for all students. Pepperdine has designated the Title IX Coordinator for Students to evaluate requests for confidentiality once a student or an employee is on notice of alleged sexual misconduct. When weighing a student's request for confidentiality or that no investigation or discipline be pursued, the Title IX

Coordinator for Students will consider a range of factors, including the following:

- whether there have been other sexual misconduct complaints about the same alleged perpetrator;
- whether the respondent has a history of arrests or records from a prior school indicating a history of violence;
- whether the respondent threatened further sexual misconduct or other violence against the student or others;
- whether the sexual misconduct was committed by multiple perpetrators;
- whether the sexual misconduct was perpetrated with a weapon;
- whether the reporting student is a minor;
- whether the University possesses other means to obtain relevant evidence of the sexual misconduct (e.g., security cameras or personnel, physical evidence);
- whether the reporting student's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead Pepperdine to investigate and, if appropriate, pursue disciplinary action. If none of these factors are present, Pepperdine will likely respect the reporting student's request for confidentiality.

If Pepperdine determines that it cannot maintain a student's confidentiality, Pepperdine will inform the reporting student prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling Pepperdine's investigation and response.

Pepperdine will remain mindful of the student's well-being, and will take ongoing steps to protect the student from retaliation or harm and work with the student to create a safety plan. Retaliation against the reporting student, whether by other students or Pepperdine employees, will not be tolerated. Pepperdine will also:

1. Assist the student in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus;
2. Provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
3. Inform the student of the right to report a crime to campus or local law enforcement – and provide the student with assistance if the student wishes to do so.
4. Pepperdine will not require a reporting student to participate in any investigation or disciplinary proceeding.

Because Pepperdine is under a continuing obligation to address the issue of sexual misconduct campus-wide, reports of sexual misconduct (including anonymous reports) will also prompt Pepperdine to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual misconduct occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments; and/or revisiting its policies and practices.

If Pepperdine determines that it can respect a student's request for confidentiality, Pepperdine will also take immediate action as necessary to protect and assist the students.

Reporting Options Outside the University

Community Resource Centers

The Santa Monica Rape Treatment Center

Santa Monica-UCLA Medical Center

1250 Sixteenth Street Santa Monica, California 90404

310.319.4000

Provides professional support, including counseling, medical and advocacy services, to victims of sexual assault.

The Sojourn Services
1453 16th St, Santa Monica, CA 90404
310.264.6644

Provides professional support, including counseling, medical and advocacy services, to victims of domestic and dating violence. Sojourn also operates a crisis shelter.

Local Law Enforcement
Malibu/Lost Hills Sheriff Station
27050 Agoura Rd, Agoura Hills, CA 91301

818.878.1808 or 911 for help in reporting the sexual misconduct to local law enforcement, call the Department of Public Safety (506.4700). It is important to understand that reporting sexual misconduct does not obligate the reporting party to press criminal charges.

Civil Court
Santa Monica Municipal Court
1725 Main St #102, Santa Monica, CA 90401
310.260.3522

For help filing a civil lawsuit, please contact the Santa Monica Municipal Court.

Resources for Students Located Out of State or Abroad

If you are participating in a program located out of state or abroad, please consult with your program director for confidential reporting options, available community resources, and law enforcement contact information in your location. The Student Title IX Coordinator welcomes reports from all students, regardless of where they are located.

Reporting Party Immunity/Good Samaritan Policy

Sometimes victims of sexual misconduct are hesitant to report to University officials because they fear that they themselves may be charged with policy violations (e.g., underage drinking). To encourage reporting, Pepperdine offers victims immunity from policy violations related to the sexual misconduct. Because Pepperdine places a high priority on student health and safety, the Good Samaritan policy was created to encourage students to take immediate action in any crisis or medical emergency. Pepperdine students are expected to care for others by getting help from appropriate officials even when violations of the Code of Conduct have occurred. In crisis situations involving alcohol, drugs, physical violence, and/or sexual misconduct (e.g., sexual assault, domestic violence, dating violence, and stalking), the University strongly considers the positive impact of taking responsible action when determining the appropriate response for alleged policy violations related to the incident. This means that no University disciplinary sanctions will be issued to either the reporting student(s) or to the student(s) in need of assistance related to the violations that occurred at or near the time of the incident.

This policy applies to students who report sexual misconduct or participate as key witnesses in sexual misconduct investigations, or who seek medical assistance for themselves or another by contacting an appropriate official (e.g., resident advisor, Public Safety officer, or calling 911). The incident will still be documented, and educational and/or health interventions may be required as a condition of replacing disciplinary sanctions. This policy may not apply to the hosts of a party if they do not seek immediate medical assistance for the student in need.

In any situation involving imminent danger to the health and safety of any individual(s), or where sexual misconduct has been alleged to have occurred, students are expected to: 1) immediately contact Public Safety or other emergency officials to report the incident; 2) remain with the individual(s) needing support and cooperate with emergency personnel as long as it is safe to do so; and 3) meet with appropriate University officials after the incident and cooperate with any University investigation.

VII. Role of Advisors

Involved parties may be assisted at pre-hearing and hearing meetings by an advisor of their choice. The advisor cannot speak for the involved parties. The role of the advisor is to accompany the involved parties and advise them privately during the pre-hearing and hearing process.

VIII. Authority and Responsibility for Student Sexual Misconduct Discipline

The associate dean of students for community standards ("associate dean") is responsible for the overall coordination of rules and regulations regarding the adjudication of violations of the Sexual Misconduct Policy by students.

The associate dean reviews formal reports, as well as confidential reports if the Title IX Coordinator for Students has determined that a confidentiality request cannot be honored, and any related investigative materials. The associate dean may conduct further investigation of the report if he or she deems necessary. The scope of any investigation shall be in the sole discretion of the associate dean. The investigation may include, but is not limited to, meeting with the parties, talking with witnesses, and reviewing any supporting documents. If the associate dean considers the report and investigative materials to indicate a probable violation of the Sexual Misconduct Policy, the matter will be heard through either an administrative hearing or a hearing with the student disciplinary committee. During such hearings, the reporting party will be referred to as the "complainant" and the accused party as the "respondent." The University dean of students serves as the final appeal for disciplinary decisions in sexual misconduct cases. The University's actions are not dependent on the initiation or outcome of criminal charges. Disciplinary proceedings may be carried out prior to, simultaneously with, or following civil or criminal proceedings.

Interim Measures

Upon receipt of a report of sexual misconduct, the University may impose reasonable and appropriate interim measures designed to eliminate the reported hostile environment or alleged violation and protect the parties involved. The University will maintain consistent contact with the parties to ensure that all safety and emotional and physical well-being concerns are being addressed. Interim measures may be imposed regardless of whether a confidential or formal complaint has been filed.

The complainant or respondent may request separation or other protection, or the University may choose to impose interim measures at its discretion to ensure the safety of all parties, the broader University community, and/or the integrity of the investigative and/or disciplinary process. All individuals are encouraged to report concerns about failure of another individual to abide by any restrictions imposed by an interim measure. The University will take immediate and responsive action to enforce a previously implemented measure.

Available Interim Measures

The Title IX Coordinator for Students or designee, at his or her discretion, may implement interim measures with potential remedies which may be applied to the complainant and/or the respondent including:

- access to counseling services and assistance in setting up an initial appointment, on and off campus;
- imposition of an on-campus "no-contact directive";
- rescheduling of exams and assignments;
- providing alternative course completion options;
- changing class schedules, including the ability to transfer course sections or withdrawal from a course without penalty;
- changing work schedules or job assignments;
- changing a student's University-owned housing;
- assistance from University support staff in completing University housing relocation;
- limiting an individual's or organization's access to certain University facilities or activities pending resolution of the matter;
- voluntary leave of absence;

- providing an escort to ensure safe movement between classes and activities;
- providing medical services;
- providing academic support services, such as tutoring; and/or
- any other remedy that can be tailored to the involved individuals to achieve the goals of this policy.

Interim University or Housing Restriction

The University dean of students or designee may impose an interim University-wide restriction or University housing restriction on the respondent prior to an administrative hearing or student disciplinary committee hearing. Such measures may be imposed: a) to ensure the safety and well-being of members of the University community or preservation of University property; or b) if the respondent poses a definite threat of disruption of, or interference with, the normal operations of the University. During the interim restriction, the student may be denied access to the residence halls and/or to the campus (including classes). The interim measure does not replace the regular disciplinary process, which will proceed on the normal schedule, up to and through an appeal, if required.

Administrative Hearings

In some sexual misconduct cases, the associate dean meets individually with those involved rather than submitting the case for a hearing before the Student Disciplinary Committee. This is most often true when the violation is of a less serious nature and discipline would not result in suspension or dismissal. If an administrative hearing is to take place, the involved parties will receive a written notice prior to the hearing date that will include a description of the behavior that allegedly violates the Sexual Misconduct Policy, the investigative materials, and any other information the associate dean deems necessary to provide to the parties. The notice and related materials will be sent to the involved students' pepperdine.edu email accounts. The notice will also include the date and time of the administrative hearing.

The administrative hearing officer (normally the associate dean) will meet with the complainant first to discuss the incident. After the meeting with the complainant, the administrative hearing officer will meet with the respondent to discuss the incident. The meeting will be followed by an email from the administrative hearing officer summarizing the discussions and imposing a sanction if a violation of the Sexual Misconduct Policy is found.

Sanctions imposed as a result of an administrative hearing cannot be appealed. Student Disciplinary committee sanctions may be appealed; therefore, students who are required to attend an administrative hearing may request instead to have the matter heard by the Student Disciplinary Committee if they would like to reserve their right to an appeal.

Student Disciplinary Committee Hearings

If, after reviewing a sexual misconduct report and related investigative materials, the associate dean believes that there is a probable violation of the Sexual Misconduct Policy and the resulting sanction could result in a suspension or dismissal from the University, the matter will be submitted for hearing by the Student Disciplinary Committee. The committee will include a minimum of three faculty and/or staff members, with a mix of both male and female members. The associate dean will chair the committee but is not a voting member unless there is a tie vote.

Prior to the committee hearing, the involved parties will receive a written notice prior to the hearing date that will include a description of the behavior that allegedly violates the Sexual Misconduct Policy, the investigative materials, and any other information the associate dean deems necessary to provide to the involved parties. The notice and related materials will be sent to the involved students' pepperdine.edu email accounts. The notice will also include the date and time of the hearing, not less than five (5) or more than fifteen (15) calendar days after the date of the written notice to the involved parties. Maximum time limits for scheduling hearings may be extended at the discretion of the associate dean.

Other than as outlined below, hearings need not adhere to formal rules of procedure or technical rules of evidence followed by courts of law. Hearings will be conducted according to the following guidelines:

1. All procedural questions are subject to the final decision of the associate dean.
2. The hearing will normally be conducted in private. Admission of any person to the hearing will be at the discretion of the associate dean. The associate dean may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, respondent, and/or other witness during the hearing by providing separate facilities, and/or by permitting participation by telephone, video conferencing, written statement, or other means, as deemed appropriate by the associate dean.
3. Involved parties may be assisted at hearings and pre-hearing meetings by an advisor of their choice. The advisor cannot speak for the involved parties. The role of the advisor is to accompany the involved parties and advise them privately during the pre-hearing and hearing process.
4. Hearings will be chaired by the associate dean or designee, and will proceed in the following manner:
5. Reading of the alleged violation(s).
6. The respondent's denial or admission of the alleged violation(s) (If the respondent admits to the alleged violation(s), then the committee may dismiss the respondent and deliberate on the appropriate sanctions).
7. Presentation of information and/or witnesses supporting the alleged violation(s) and questions by the committee.
8. Presentation of information and/or witnesses that rebuts the alleged violation(s) and questions by the committee.
9. Each involved party has the option of presenting a closing statement to the committee.
10. Involved parties are not required to provide witness testimony. However, if an involved party chooses to provide a witness's testimony, that witness may appear in person at the hearing or submit a written statement at least 24 hours before the hearing. If the witness attends the hearing, the committee may ask him or her questions. Witnesses may only be present while giving testimony. Involved parties must submit a list of intended witnesses and purposes of their statements to the associate dean at least 48 hours in advance of the hearing. The associate dean reserves the right to limit which witnesses the involved parties may call at the hearing.
11. A list of witnesses called by the University should be presented to the involved parties at least 24 hours before the hearing.
12. Pertinent records, exhibits and written statements may be accepted as information for consideration by the committee at the discretion of the Chair. This information must be submitted to the Chair at least 24 hours before the hearing. The Student Disciplinary Committee may or may not consider any documents received after the 24-hour deadline subject to the discretion of the associate dean.
13. Involved parties will receive a copy of witness lists and all relevant materials submitted.
14. If, during the course of the hearing, additional policy violations are discovered, the respondent will be notified of the new alleged violation(s) and will be granted additional time, if needed, to prepare a defense of the new alleged violation(s). The respondent may waive the additional time and the hearing can proceed with the new alleged violation(s) taken under consideration by the committee. A record will be made in the hearing notes of additional alleged violation(s) and whether or not the respondent desires additional preparation time.
15. Information about the misconduct of other students shared at the hearing may be used as the basis for disciplinary action unless immunity pursuant to the Good Samaritan policy has been granted to the reporting party.
16. The committee's determination will be made on the basis of the preponderance of the evidence standard (whether it is more likely than not that the respondent violated the Sexual Misconduct Policy).

17. After the hearing, the committee will determine by majority vote whether the respondent has violated the Sexual Misconduct Policy.
18. If the respondent is found to have violated the Sexual Misconduct Policy, the committee will then make a recommendation to the associate dean on the appropriate sanction(s).
19. The associate dean will notify the involved parties in writing regarding the decision and sanctions if issued to the pepperdine.edu e-mail accounts. There will be a single written record of the hearing, which normally consists of the statement of alleged misconduct, a summary of the information presented in the hearing, a summary of the statement of the involved parties, statement of the decision, and the sanctions issued, if any. The hearing will not be transcribed or otherwise recorded.
20. If either of the involved parties fails to appear at the hearing or participate, the committee may make a decision based on the available information. If the associate dean determines that good cause exists for either of the involved parties not appearing at the hearing, a new date may be set.
21. The committee will render a decision within 60 days of the formal report being filed or within 60 days of the Title IX Coordinator for Students' decision not to honor a confidentiality request. However, there may be extenuating circumstances that render this time-frame impractical. In such cases, decisions will be rendered as promptly as possible.

Sanctions

Violation of the Sexual Misconduct Policy may result in the imposition of one or more of the sanctions listed below. Sanctions that may be imposed are not limited to those listed. In certain limited situations, the associate dean or designee may impose a sanction but suspend or postpone its actual implementation. Failure to comply with the sanction(s) imposed by the associate dean may result in further disciplinary action, including but not limited to, a registration hold, placement on, or extension of, University probation, suspension, or permanent dismissal. Sanctions are based on general principles of fair treatment. While attempting to be consistent in its disciplinary decisions, the University also seeks to be fair and sensitive to the facts and circumstances of each individual case.

1. Warning: Oral or written notice to the student that the student is violating or has violated the Sexual Misconduct Policy and that continuation or repetition of misconduct may result in a more severe sanction.
2. University Probation: A status which indicates that a student's relationship with the University is tenuous. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found in violation of the Sexual Misconduct Policy or other policy violations. Probation may also result in the loss of privileges, depending on the policies of various University departments and organizations.
3. Loss of Privileges: Such loss may include, but is not limited to, financial assistance, eligibility to represent the University officially on athletic teams or performing groups, or use of specific University facilities, or services.
4. Restitution: Compensation for loss, damage or injury. Failure to pay such charges may result in additional sanctions (including, but not limited to, denial of re-enrollment or refusal to release official transcripts and records).
5. Educational Sanctions: Reading/writing assignment, drug or alcohol assessment/treatment, seminar attendance, or other discretionary sanctions as deemed appropriate.
6. Dismissal from University Housing: Loss of privilege to live in University housing. In accordance with University housing policy, students required to live on campus who are dismissed from University housing may be dismissed from Pepperdine University. Any student dismissed from University housing prior to the end of the contractual period may be responsible for any remaining monetary charges, as well as ineligible for reimbursement for any charges already paid.
7. Suspension: Temporary separation of the student from Pepperdine University for a definite period of time, after which the student is eligible to return without re-applying through the office of admissions, unless the student is absent for two or more academic years, which

does require re-application and readmission by the office of admission, as is the case for all students. Conditions for readmission may be specified.

8. Expulsion: Temporary separation of the student from Pepperdine University for a definite period of time, but not less than two semesters, after which the student must re-apply through the office of admission and be granted acceptance before becoming eligible for re-enrollment at the University. Conditions for readmission may be specified, but the student is not guaranteed readmission.
9. Dismissal: Permanent separation of the student from Pepperdine University. The student is dismissed from the University and is permanently ineligible to re-enroll at the University at any time in the future. When students are dismissed, expelled, or suspended for disciplinary reasons, there will be no refund of tuition or room charges for the semester and all financial assistance for subsequent semesters will be reviewed and is subject to cancellation.
10. If a violation occurs just prior to a student's scheduled graduation, sanctions may be imposed even if all academic requirements are completed. Sanctions may include, but are not limited to, community service, research or reflective paper, restitution, loss of privilege to participate in the graduation ceremony, deferment of degree, and a transcript hold. The University may withhold issuing a degree until all sanctions are fulfilled. In the case of a serious violation, the University may permanently withhold a degree.

Retention of Disciplinary Records

Other than University dismissal or permanent withholding of a degree, disciplinary sanctions will not be made part of the student's permanent academic record, but will become part of the student's disciplinary record. Cases involving the imposition of sanctions other than University expulsion or dismissal or withholding of a degree will be expunged from the student's disciplinary record seven years after graduation.

Appeals Process

Students who wish to appeal the decision of the Student Disciplinary Committee hearing can submit a written appeal to the University's dean of students ("dean") or designee. The appeal must be submitted within seven (7) calendar days of the issuance date of the committee's written decision. The written appeal must specify grounds that would justify consideration. General dissatisfaction with the outcome of the decision or an appeal for mercy is not an appropriate basis for an appeal. The nonappealing party will be emailed a copy of the appeal and may email a response to the dean within seven (7) calendar days from the date of the dean's email. If submitted, the appealing party will be provided a copy of the response.

The written appeal must specifically address at least one of the following criteria:

1. Sufficiency of the information to support the decision.
2. New information, sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original hearing.
3. Procedural irregularity in the student disciplinary committee proceedings that undermined the respondent's ability to present a defense or the complainant's ability to present relevant information supporting his or her complaint.
4. Bias or conflict of interest by a committee member or investigator.
5. Inappropriateness of the sanction for the violation of the Sexual Misconduct Policy.

Generally, the appellate process does not require a hearing, nor does it require the dean to make personal contact with the students or the student disciplinary committee. The dean may, but is not required to, convene an ad hoc appeal committee to assist in making a recommendation regarding the appeal. The dean shall not be bound by the committee's recommendation.

Within twenty (20) business days from the date of receipt of the written appeal, the dean may affirm, reverse, or modify the sanction. The dean may also return the case to the student

disciplinary committee for further consideration. The dean's decision shall be final and effective immediately. A copy of the decision letter will be emailed to the parties' pepperdine.edu accounts.

IX. Sexual Misconduct by Faculty or Staff

This policy is applicable to sexual misconduct reports filed by a student against a faculty or staff member. This policy is not applicable to reports filed against another student. The grievance officer shall be a faculty or staff member designated by the Title IX Coordinator for Students. In cases where a faculty or staff member is accused of other forms of serious misconduct in addition to sexual misconduct, Human Resources and/or the dean of the respective school may take immediate action following other policies governing misconduct, thereby making this policy inapplicable (e.g., in cases where a faculty/staff member is immediately terminated).

The grievance officer will review formal reports, as well as confidential reports if the Title IX Coordinator for Students has determined that a confidentiality request cannot be honored, and any related investigative materials. The grievance officer may conduct further investigation of the report if she or he deems necessary. The scope of any investigation shall be in the sole discretion of the grievance officer. The investigation may include, but is not limited to, meeting with the parties, talking with witnesses, and reviewing any supporting documents. If the grievance officer desires, he or she may appoint an ad hoc committee to assist in further investigation of the complaint and/or advise the grievance officer on whether the Sexual Misconduct Policy was violated. The grievance officer shall not be bound by the committee's recommendation.

If the grievance officer considers the report and investigative materials to indicate a probable violation of the Sexual Misconduct Policy, the matter will be reviewed as described below. The University's actions are not dependent on the initiation or outcome of criminal charges. Proceedings may be carried out prior to, simultaneously with, or following civil or criminal proceedings.

If the grievance officer determines that the allegations in the student's ("complainant") report do warrant further consideration, then the grievance officer shall email a notice describing the behavior that allegedly violates the Sexual Misconduct Policy and investigative materials to the person against whom the complaint is made ("respondent"). All emails will be sent to the parties' pepperdine.edu email accounts.

The faculty or staff member respondent shall be given fourteen (14) calendar days from receipt of the notice and investigative materials to return a written response and any supporting materials to the grievance officer. Necessary extensions may be granted at the discretion of the grievance officer. A copy of the respondent's response, investigative materials, and any supporting materials submitted by respondent will be emailed to the complainant.

Within twenty (20) business days of receipt of the written response, the grievance officer shall make a decision by a preponderance of the evidence based on the report, the response, and any other information the grievance officer deems relevant. A copy of the decision will be emailed to both parties. If a sanction is recommended against a staff member, the decision will be forwarded to Human Resources for further action. If a sanction is recommended against a faculty member, the decision will be forwarded to the dean of the faculty member's school for further.

Either the staff member's senior leader within the staff member's unit or the dean of the faculty member's school ("reviewing officer") shall serve as the "reviewing officer" for all final appeal for decisions in sexual misconduct cases. Any party may submit a written request for appeal to the reviewing officer within seven (7) calendar days from the date of the decision. The request for appeal must specifically set forth all grounds for appeal. General dissatisfaction with the outcome of the decision or an appeal for mercy is not an appropriate basis for an appeal. The nonappealing party will be emailed a copy of the appeal and may email a response to the reviewing officer within seven (7) calendar days from the date of the grievance officer's email. If submitted, the appealing party will be provided a copy of the response.

The reviewing officer shall be limited to addressing only the following questions:

1. Sufficiency of the information to support the decision.
2. New information, sufficient to alter a decision, or other relevant facts not submitted to the grievance officer, because such information and/or facts were not known to the person appealing at the time of submission to the grievance officer.
3. Procedural irregularity in the proceedings that undermined the respondent's ability to present a defense or the complainant's ability to present relevant information supporting his or her report.
4. Bias or conflict of interest by the grievance officer or investigator.
5. Inappropriateness of the sanction for the violation of the Sexual Misconduct Policy.

Generally, the appellate process does not require a hearing, nor does it require the reviewing officer to make personal contact with the parties or the grievance officer. The reviewing officer may, but is not required to, convene an ad hoc appeal committee to assist in making a recommendation regarding the appeal. The reviewing officer shall not be bound by the committee's recommendation.

Within twenty (20) business days from the date of receipt of the written request for appeal, the reviewing officer shall make a final decision based on the submitted materials and any other information the grievance officer deems relevant. The reviewing officer may affirm, reverse, or modify the grievance officer's recommendation. The reviewing officer may also return the case to the grievance officer for further consideration. The reviewing officer's decision shall be final and effective immediately. A copy of the decision letter will be emailed to the parties' pepperdine.edu accounts.

All written decisions made and materials produced in connection with a grievance conducted under this policy shall be retained by the grievance officer for seven years from the date of the student's graduation.

SEXUAL MISCONDUCT AWARENESS AND PREVENTION PROGRAMS AND CAMPAIGNS- In an effort to reduce the risk of sexual misconduct occurring among its students and its employees, the University provides primary prevention programs, prevention awareness programs, and ongoing prevention and awareness campaigns, including training on bystander intervention, that are targeted to result in the risk reduction of sexual misconduct.

Primary Prevention Programs: Programming, initiatives, and strategies informed by research for assessed value, effectiveness, or outcome that are intended to stop sexual misconduct before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Awareness Programs: Community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Programs provided to incoming students and new employees on sexual misconduct that educate new students and employees that sexual misconduct is prohibited, that such conduct is prohibited under California criminal law, the definition of "consent" in California relating to sexual activity, bystander intervention, information on risk reduction, and information on the University's policies and procedures if sexual misconduct occurs.

Ongoing Prevention and Awareness Campaigns: Programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing sexual misconduct. Using a range of strategies with audiences throughout the institution.

The University's prevention and awareness programs and campaigns are conducted at new student and employee orientations. The University also periodically communicates such programs and campaigns to its employees and students via emails, web based trainings, and presentations to specific departments, organizations and student groups.

Bystander Intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of sexual misconduct. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. The University includes bystander intervention training during its prevention and awareness programs. The University has also created a specific campaign devoted to this topic. It is called Step Up! Step Up! is a bystander intervention program that provides members of the Pepperdine community with the knowledge and tools necessary to intervene during problematic situations involving alcohol abuse, anger, depression, discrimination, disordered eating, gambling, hazing, relationship abuse, and sexual assault. Individuals can learn about the Step Up approach by attending training workshops or by scheduling a presentation for their department or organization. More information concerning this campaign can be found at: <http://community.pepperdine.edu/stepup/>.

Risk Reduction: Options designed to decrease perpetration and bystander inaction and increase empowerment for victims to promote safety and help individuals and communities address conditions that facilitate violence.

These outreach efforts for students are coordinated through the Counseling Center. For information, call 506-4210 or visit: <https://community.pepperdine.edu/counselingcenter/sexualassaultresources/>. This site also includes additional resources and frequently asked questions about sexual misconduct. These outreach efforts for employees are coordinated through Human Resources. For information, call (310) 506-4397 or visit: <http://www.pepperdine.edu/hr/>.

DISCLOSURES TO ALLEGED VICTIMS OF CRIMES OF VIOLENCE OR NON-FORCIBLE SEX OFFENSES—The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

INFORMATION REGARDING SEX OFFENDERS- Information from law enforcement agencies concerning registered sex offenders may be obtained through the Department of Public Safety's website link: <http://www.pepperdine.edu/publicsafety/safety/otherlinks.htm>

EMERGENCY RESPONSE AND EVACUATION PROCEDURES- An Emergency Preparedness Guide is distributed to all faculty, staff and students electronically. It is also available for printable download on the University's web portal via a faculty/staff/student Wavenet login. The document provides emergency information for the following:

- Emergency Phone Numbers
- Serious Injury
- Crimes in Progress/Active Shooter
- Earthquake
- Evacuation of Persons with Disabilities
- Fire
- Chemical Spills/Fires
- Bomb Threat and Checklist

- Power Outage
- Flooding and Water Damage
- Severe Winds
- Evacuation Routes/Staging Areas
- various other workplace/school, and home emergency topics

The Office of Insurance & Risk (OIR) maintains an emergency information webpage containing any relevant emergency instructions and best practices at:
<http://emergency.pepperdine.edu/>.

In addition to the resources on the OIR website listed above, the Department of Public Safety website provides information regarding the procedures to be followed in the event of an emergency at:
<http://www.pepperdine.edu/publicsafety/safety/emergencypreparedness.htm>

Information regarding emergency, evacuation and relocation procedures are also located in individual school's handbooks and/or catalogs.

Maps depicting evacuation-staging locations are posted and/or distributed to the campus community through various means. Annual evacuation drills are conducted for each academic building and student residential building.

MISSING STUDENT NOTIFICATION- Pepperdine University takes student safety very seriously. To this end, the following policy has been established concerning students who live in University-owned campus housing who, based on the facts and circumstances known at the time to University officials, are presumed to be missing.

Most missing person reports in the college environment result from students changing their routines without informing roommates and/or friends of the change. For the purposes of this policy, a student will be considered missing if a roommate, classmate, faculty member, friend, family member or other campus person has not seen or heard from the person in a reasonable amount of time. In general, a reasonable amount of time is 24-hours but may vary with the time of day and information available regarding the missing person's daily schedule, habits, and reliability.

Individuals will also be considered missing immediately if their absence has occurred under circumstances that are suspicious or cause concerns for their safety.

Purpose- This policy establishes University standards and procedures for notifying law enforcement, parents or guardians, and student-identified contacts when a student who resides in University housing is reported as missing or has been determined to be missing. This policy applies to students who reside in campus housing, including off-campus apartment units leased by the University for student residents. This policy applies to "missing persons" and is distinct from policies related to "welfare checks."

Missing Person- For purposes of this policy, a student may be considered to be a "missing person" if the person's absence is contrary to his/her usual pattern of behavior and/or unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

Student Disclosures- Prior to occupying University housing, students will be informed of the following: 1) the University will notify the Department of Public Safety if a student is reported missing, 2) students may identify a person to be contacted by the University not later than 24-hours after the time that the student is determined missing in accordance with the official

notification procedures, 3) the University is required to immediately notify a custodial parent or guardian if a student, who is under 18 years of age and not an emancipated individual, is determined to be missing, and 5) the University is required to notify law enforcement no later than 24 hours after the time that the student is determined to be missing.

Confidential Contacts- Prior to occupying University housing, students will be given the opportunity to designate an individual or individuals to be contacted by the University in the event that the student is determined to be missing (per the policy). A designation will remain in effect until changed or revoked by the student. The emergency contact information will be treated as confidential. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation will have access to the confidential contact information and it will not be disclosed to others.

ANNUAL FIRE REPORT AND SAFETY STATISTICS- As an institution that maintains on-campus student housing, the University publishes an annual fire safety report. This report is viewable by following this link: <http://www.pepperdine.edu/publicsafety/department/safety/>

This report includes the following data for each student housing facility:

1. The number and causes of each fire;
2. The number of fire-related injuries resulting in treatment in a medical facility;
3. The number of fire-related deaths; and
4. The value of property damage caused by a fire.

CAMPUS HOUSING FIRE LOGS- The University maintains a log of all campus student-housing fires, including the nature, date, time, and general location of each fire, which logs are updated and are made available for inspection by the campus community during normal business hours. Two business days are required for a request for any portion of the log older than sixty days.

ON CAMPUS FIRE SAFETY SYSTEMS- In 2009 fire alarm systems in all undergraduate housing areas were replaced with new addressable state of the art technology, enhancing central monitoring capabilities. The tables viewable by following the above link describe the fire safety system for each on-campus student housing facility.

DRILLS- California Code requires owners of buildings of specific occupancies, such as schools, to conduct annual evacuation drills during normal business hours. The Department of Public Safety annually conducts emergency evacuation drills in an effort to prepare the campus community for dealing with an actual emergency, and to test the University's emergency planning and infrastructure. The Department of Public Safety conducts these drills building-by-building which allows designated building Emergency Response Team (ERT) members to interact with public safety, faculty, staff and students in providing evacuation information and direction to selected safe refuge areas.

POLICES AND RULES-

Malibu, California

In the interest of providing a safe and secure environment and demonstrating compliance with California fire codes, the University expects all residents to comply with the standards described in this section. Residents found in violation of the Fire Safety standards may be subject to a minimum \$100 fine per incident and disciplinary action. Repeated violations of the Fire Safety standards may result in dismissal from the residential community.

Open Flame Policy- The possession or use of candles (with or without wicks, burned or unburned) will result in disciplinary action including confiscation and/or other sanctions. With the exception of approved appliances, the University prohibits burning open flames, incense fireworks and personal barbecues, in any living area at any time. Any acts that place the community at risk of fire are prohibited.

Electrical Safety- Additionally, fire hazards such as halogen lamps, appliances with exposed heating elements (e.g. toasters), and other items considered unsafe in a residential environment are strictly prohibited in or around any living area. The use of string lights (Christmas lights) is only permitted between Thanksgiving and Christmas. Light fixtures in the residential community should never be obstructed or covered by any material. Residents may not cover their walls beyond what is permitted by the fire code with material that will create a fire hazard, such as cardboard or cloth. Covering public area couches and chairs with fabric and throws is prohibited. Powered appliances, surge protectors and extension cords should not be used in violation of manufacturers' specifications (e.g., using multiple extension cords with multiple plugs in one outlet, plugging a surge protector into another surge protector). Fire hazards found in the residential community will be immediately confiscated; in most cases, items that have been confiscated will not be returned.

Fire Doors and Windows- Due to California Code, doors within the residence halls, except for the bedroom doors, are fire doors. Lobby, hallway, laundry, and suite doors must not be propped open. Locks and doors, including bedroom doors, should never be tampered with to impede the proper function of the lock, such as taping the locking mechanism against the doorframe. To enable fire or other emergency personnel access to a room during an emergency, residents are not allowed to block access to windows by placing furniture at window height in front of windows.

Fire Equipment- The fire-fighting equipment and alarm systems were installed for the protection of the residents and their property. County fire regulations make it illegal to tamper with fire equipment. Tampering with this equipment including, but not limited to: fire alarms, propped door alarms, fire extinguishers, hoses, fire sprinkler heads, smoke detectors, mechanical bells, and fuse boxes may result in a \$500 fine, immediate dismissal from the residential community, and possible criminal prosecution. Residents are not permitted to hang any items from smoke detectors or mechanical bells. Failure to comply will result in disciplinary action. Residents are not permitted to hang any items (including clothes hangers) from ceiling fire sprinklers in any residential facility.

Hanging items from sprinklers could result in flooding. The resident will be financially responsible for any water damage caused by activation of the sprinklers.

Smoking-

Many within our community are calling for a smoke-free campus environment and a smoke-free work environment. Research demonstrates that tobacco smoke is a health hazard to both smokers and non-smokers. According to the Surgeon General, cigarette smoking is the leading preventable cause of illness and premature death in the United States. Non-smokers who are exposed to environmental (secondhand) smoke also face an increased risk of illness or disease as there is no safe amount of secondhand smoke – any exposure poses a health risk. The American Cancer Society estimates that secondhand smoke kills 46,000 people per year. A smoke-free campus policy at Pepperdine will reduce health hazards, and encourage healthy living, as well as reduce cigarette litter and the resultant risk of wildfire. As of 2011, nearly 141,000 cigarette-ignited fires occur in the United States each year. E-cigarettes have been an unregulated method of nicotine delivery within polyethylene glycol vapor, and with varied odorants/flavors. This vapor is dispersed locally upon exhalation. Though the health risks associated with this vapor are currently unknown, they are being evaluated by the Food and Drug Administration. In the interest of public health and courtesy, the University will exclude this behavior in public settings and treat e-cigarettes as identical to cigarettes.

POLICY

All Pepperdine University campuses are smoke-free at all times and smoking, including e-cigarettes, is strictly prohibited with the exception of any limited, designated areas where smoking may be permitted for some period, while moving toward the goal of a 100% smoke-free campus. This prohibition includes but is not limited to the interior of University facilities, outdoor areas, and undeveloped property, as well as in any vehicle owned, leased, or operated by the University. Also, the sale, distribution, and advertisement of, or sponsorship by tobacco products is prohibited anywhere on campus, at University-sponsored events, or in publications produced by the University. This policy applies to all persons on a Pepperdine University campus.

IMPLEMENTATION

We at Pepperdine University acknowledge and respect the fact that certain individuals experience extreme difficulty in ceasing the habit of smoking. Consistent with our University mission and identity, we must avoid alienating community members, and treat those who smoke with respect, dignity, and care as we seek to implement and enforce this policy.

CESSATION

Increased subsidized cessation programs will be made available to faculty, staff, and students. The University encourages participation in these programs. For more information, employees should call Human Resources, and students should call their dean's office.

COMPLIANCE

All members of the University community share in the responsibility of adhering to and enforcing this policy. The success of this policy depends upon the thoughtfulness, consideration, and cooperation of those who smoke and those who do not. Informational rather than punitive enforcement is the intent of this policy. However, repeated violations of the smoking policy, such as smoking on campus other than at a designated smoking location, may result in intervention by the Department of Public Safety, discipline by the supervisor in the case of an employee, or discipline by the applicable dean's office in the case of a student.

Education & Training- DPS offers three fire safety training sessions to resident students and one to resident directors annually. Each session covers general fire safety, fire prevention and how to avoid false alarms. Emergency Response Team (ERT) members and faculty/staff homeowners are provided fire safety training sessions annually. Also Department of Public Safety Fire Safety Officers provides fire safety presentations or information to individuals or groups upon request.

FUTURE FIRE SAFETY IMPROVEMENTS- Retrofit all student living areas that do not currently have automatic fire sprinkler systems.

Florence, Italy

In the Florence program, smoking, candles (any type of open flame), or portable electrical appliances are not allowed.

Students are advised during orientation that a fire drill will occur and that they need to exit the building when we do the fire drill. The director, faculty family, resident advisors and the student representatives always receive a clipboard with the rooming list subdivided into four groups, plus the life vest and a whistle. The drill facilitator makes sure that everyone is accounted for. There is one drill per semester and the students know if the alarm goes off again they should act as if we have a fire.

The following is a list of procedures that should be followed in the event of an emergency in Villa Di Loreto or Residenza Tagliaferri. The safety of all students, faculty and staff should be the primary goal of any emergency situation.

1. When the alarm sounds off in the Villa or the residence, all students, faculty and staff should evacuate the premises immediately.

2. Students leaving the residence should make sure that their roommates have heard the alarm and are also leaving the building.
3. When leaving their rooms, students should close the door behind them. All fire doors close automatically.
4. All students, faculty and staff should leave the premises through the door on Viale Milton or the two gates, via the court yard on Via Landino, or the door by the piano on Via Landino.
5. In order to facilitate the roll call, please group yourselves with your roommates.
6. After leaving the villa, all students, faculty and staff should meet across the street on Via Landino, each person gathers with their roommate. Roll is called by the facilitator.
7. The Program Director will serve as the official spokesman during an emergency.
8. When it is safe to do so, the Program Director will announce that students, faculty and staff can return to the villa and residence.

The following people holding the position title below, should be notified that a fire occurred in the student residence area after the incident:

- Program Director
- Faculty Family
- Facility Coordinator
- Program Assistant

There are no current plans for future improvements in fire safety, as determined necessary by the institution.

Heidelberg, Germany

The following are policies or rules regarding the following items in the residence where students live:

1. Portable electrical appliances: Tablets, smartphones and portable computers are allowed in *Moore Haus* and on the premises.
2. Smoking: Forbidden in *Moore Haus* and only allowed in one restricted area outside of the house.
3. The presence of open flames is forbidden in *Moore Haus* and forbidden on the premises outside of the house.
4. The students are given safety instructions on their first tour of *Moore Haus* on the day they arrive and then once again a few days later by a fire instructor who comes to the house and explains everything in detail once again, after the students have gotten over their jet lag. At this time, a fire drill is implemented. The student handbook also mentions the following: *If the fire alarm goes off, please proceed swiftly to the meeting point outside of the main entrance and then follow instructions given to you there.*
5. In case of a fire, any person present in *Moore Haus* should immediately proceed to the meeting point. All students have the fire department's phone number and the directors' phone number. These numbers should be called immediately by the visiting faculty or a resident advisor or anyone else if those listed are not present in the house when the alarm goes off.

The following people holding the position title below, should be notified that a fire occurred in the student residence area after the incident:

- The Program Director should be notified immediately and after the fact
- Dean of International Programs
- Director of International Programs

Moore Haus was renovated and fire safety was extensively discussed with the architects as well as the company (*Fire Check*) which provides maintenance for the fire extinguishers and who are also in charge of fire safety. Our fire safety plan reflects the requirements of the City of Heidelberg but our goal is to constantly work on improving and fine-tuning the Heidelberg International Program's fire safety.

Lausanne, Switzerland

The following are policies or rules regarding the following items in the residence where students live:

1. Portable electrical appliances, such as a hot pot are not allowed.
2. Smoking is not allowed anywhere in Pepperdine's property in Lausanne
3. Open flames are not allowed anywhere in Pepperdine's property in Lausanne
4. Each semester, in the first days of the semester, students learn the protocol (which exits to use, which fire doors to leave closed, where to locate fire extinguishers, where the outside gathering point is, etc.) and within a day or two there is a fire drill where all students evacuate. A representative of our fire alarm service engages the alarms, we observe the exit, and the staff and director checks each siren in the building. In our faculty meeting at the beginning of each year, the director describes the same process to faculty and tell them how they are to lead their students out of the classroom and out of the building.
5. If a fire is small is observed, the fire extinguishers should be used to put the fire out. The director, assistant director should be notified immediately and the Fire Department (if needed to evaluate the area) will be called. If the fire is large, the fire alarm button (one on each floor) should be pressed, which will automatically notify the Fire Department. When the alarm sounds all students should exit the building immediately. They should leave all belongings where they are, grab a coat (if they are in their room, and it is winter), and evacuate the building in an orderly manner. They should not open fire doors which separate the building into sectors. They should exit the building and gather at the intersection of Av. Marc-Dufour and Chemin de Villard.

The following people holding the position title below, should be notified that a fire occurred in the student residence area after the incident:

- International Program Director
- Dean of International Programs (who will notify Associate Vice President of the Department of Public Safety
- Director of Insurance and Risk Management)

There are no current plans for future improvements in fire safety, as determined necessary by the institution.

London, United Kingdom

The following are policies or rules regarding the following items in the residence where students live:

1. Portable electrical appliances-irons used only in laundry room. Hair dryers in hall spa area only where no water is used.
2. Smoking is allowed on balconies or in garden. None in house
3. The presence of open flames-prohibited
4. Faculty given fire safety handbook. Students shown fire escapes during orientation. Student appoint fire monitor in each room. In the event of a fire, everyone will meet at meeting point across the street from the London house. Employees also follow same rules. Room fire monitors responsible for reporting all safe list.

The following people holding the position title below, should be notified that a fire occurred in the student residence area after the incident:

- International Program Director
- Dean of International Programs
- Director of International Programs

There are no current plans for future improvements in fire safety, as determined necessary by the institution.

Shanghai, China

The following are policies or rules regarding the following items in the residence where students live:

1. portable electrical appliances are not allowed
2. smoking is not allowed
3. the presence of open flames is not allowed
4. The program handbook describes the fire safety education and training programs provided to students and employees. Additional information is contained in the orientation handbook that students receive when they arrive, and this is discussed during the orientation. Students are quizzed on orientation content at the end of the week to make sure information is retained.
5. In Case of Fire or Other Non-Program Closing Emergency:
6. General Emergency Contact Protocol will be used to disseminate information
7. If students detect a fire, there will be blow horns placed at the entry way of each building for students to alert others.
8. Each building has a ladder in case exit paths are blocked for students on the second or third floors.
9. The initial gathering point is outside of the gate of the Pepperdine facilities. If the location is deemed dangerous, students should proceed to the alley entrance on Yuyuan Rd (lane 532 entrance).
10. The normal guards will be on duty 24 hours a day, and will be given updated information sheets to distribute to students with emergency contact information and relevant details.
11. If necessary, classes will relocate to Fudan University's campus
12. Students will be housed in a combination of dorm rooms on Fudan's campus, pending space availability, and/or the Fudan University Crowne Plaza hotel.
13. The temporary gathering point will be:
Element Fresh, 2nd Floor
Shanghai Center/Portman
1376 Nanjing Xi Rd.
(Near Tongren Rd.

The following people holding the position title below, should be notified that a fire occurred in the student residence area after the incident:

International Program Director

- Dean of International Programs
- Director of International Programs

There are no current plans for future improvements in fire safety, as determined necessary by the institution.

Washington DC

1. Smoking and open flame is strictly prohibited. Students are not allowed to have hot plates or toasters in their residence but all rooms are equipped with microwaves and they are allowed to have low-watt devices such as coffee makers.
2. Students are provided written fire safety information in their handbooks, and all emergency and fire safety protocol is reviewed during orientation at the beginning of each term. Students receive a tour of the facility that includes fire safety protocol, and a detailed power point presentation regarding rules and procedures. Additionally, there is fire safety info posted in the rooms and hallways of the residence.

Evacuation Guidance:

If a student discovers a fire or smell and/or see smoke, get out of the area, report the incident to Police at 911. Pull the local fire alarm, which is located in the building.

If there is smoke, stay low to the floor and move to a safe area. Smoke will rise towards the ceiling.

Feel closed doors for heat before opening them. It is best to use the back of your hand – it is more sensitive to heat than the palm. If the door is hot, the fire may be on the other side of the closed door; if another escape route exists take it. If not, open the door carefully to see if escape is possible. If escape is not possible, put signs in the windows and, if available, use phones to alert first responders to your need for rescue.

If you can get out, evacuate the building as described above.

Meeting Location:

In emergencies students and staff are asked to gather in James Monroe Park across the street from the Pepperdine D.C. Campus (2011 Pennsylvania Ave, NW, Washington, D.C. 20006)

Communication:

All students will receive text messages with any emergency information

If a student does not respond or arrive at the meeting location the program staff will contact their place of work, emergency contact or other designated contact

If the student cannot be located then they may be treated as a missing person

Retrieving Items:

No student or staff can enter the building until cleared to do so by emergency or fire personnel

Any retrieval of items will be done following guidelines of emergency personnel

Relocation:

If relocation is necessary then students will be directed to go to a designated hotel in the area (see later section on short-term accommodation). If longer-term living accommodation and classroom space is needed then this will be arranged through a local real estate vendor called Suite Solutions (Pepperdine has worked with them on numerous occasions in the past).

The following people holding the position title below, should be notified that a fire occurred in the student residence area after the incident:

- Program Director
- Program Coordinator
- Building Manager

The fire system is code compliant and is tested annually as required by code. Recently smoke/carbon monoxide detectors were added to the property.
