

PEPPERDINE UNIVERSITY
DEPARTMENT OF PUBLIC SAFETY
DASH PASS APPLICATION

Some employees require authorization to park beyond the scope of their designated parking permit. In this situation, the employee's supervisor may request a dash pass authorizing additional parking privileges. A dash pass is not the appropriate option for an employee that frequently travels throughout campus during the workday or occasionally unloads large items for meetings or events. A dash pass is also not the appropriate option to assist an employee with any medical concern; a DMV issued handicapped placard is the suitable resource in this situation. Unless otherwise specified, a dash pass does not authorize parking in the following locations:

- Red-curbed fire lanes
- Blue-curbed disabled spaces
- Green-curbed carpool spaces
- Yellow-curbed service spaces
- Ramp/loading dock areas
- Metered spaces
- Temporary no parking zones
- Chapel parking lots

TO BE COMPLETED BY THE EMPLOYEE'S SUPERVISOR:

Supervisor name, title and department: _____

Employee name, title and department: _____

Reason for request: _____

Supervisor Signature

Date: _____

TO BE COMPLETED BY THE EMPLOYEE:

_____ I acknowledge that I have read and reviewed Pepperdine University's Parking Rules and (initial) Regulations located online at <http://www.pepperdine.edu/publicsafety/parking/>
