Implementation of Accommodations

A Semester Request is necessary each term in which you wish to use your accommodations. To complete a Semester Request, please access through your Wavenet > Academic Resources > Accommodate Student > Semester Request. The form is fairly intuitive; please call us at 310.506.6500 if you need assistance.

Exam accommodations

Please talk to your professor at least 7 days before an exam/quiz if you wish to use your accommodation, making sure the professor has a copy of your current accommodation letter. Your professor may be able to provide accommodated testing. If not, please complete an *Alternate Exam Form* (AEF), available in the DSO or on our [website](#).

Your contact for proctoring is Mary Jo Hardman in the SPP Dean's Office. Please give her your completed AEF at least 7 days before an exam or quiz. She can be reached at 310.506.7490 or MaryJo.Hardman@Pepperdine.edu.

Use of a class note-taker

Submit a *Semester Request* (SR), mentioned above, outlining the classes for which you are requesting note takers.

Note-taker recruiting and hiring will begin upon receipt of SR, but please note that the process can take up to two weeks. Note-taker specific questions may be sent to notetakers@pepperdine.edu.

Use of digital textbooks

For each textbook you would like in a digital format, please send Anne Drake (Anne.Drake@pepperdine.edu) the following information:

- Proof of purchase
- Title, Author, Edition, and ISBN

Please note that digital texts may take up to 5 weeks to receive from publisher upon receipt of proof of purchase, and text information. Please begin the process as early as possible.

You may also find books in audio format at Bookshare.Org and LearningAlly.Org. Natural Reader, available for free download at NaturalReaders.Com, provides reading of PDFs, Word docs, and webpages.

Flexible attendance

Flexibility regarding course attendance policy during times of increased symptom severity:

- The student is responsible for contacting the professor as soon as possible when a disability-related absence will occur/has occurred and as necessary, will inform the professor as to when he/she will return to class. If the student is unable to reach the professor directly, the student

or someone acting on his/her behalf may contact the DSO. Information will then be relayed to the professor through the DSO.

- The student is responsible for any material covered or work done during such disability-necessitated absences. Extension of deadlines for assignments due and/or arrangements for making up exams missed during such absences must be negotiated individually with the professor as need arises.
- If, at any time, the professor believes that the student's absences from class threaten the academic integrity of the curriculum or the accomplishment of learning objectives, the professor should contact the Disability Services Office as soon as possible. After consulting with the professor, the DSO director will contact the student to review available options.
