ESA Process

To register with OSA for an ESA in a residence hall:

- Complete an Online Inquiry with the Office of Student Accessibility (OSA)
- Provide OSA with a Emotional Support Animal (ESA) Disability Verification form or documentation from a mental health professional who has known you over time and can speak to your needs. The more robust the documentation, the better.
- Meet with one of the Accessibility Specialists to discuss your need for an ESA. Call 310-506-6500 or email student.accessibility@pepperdine.edu to set up the appointment. Receive determination of accommodation. Carefully think through responsibility of caring for an animal while balancing the rigors of college life.
- Provide OSA with the animal's LA County License and recent Veterinary Records.
- Sign the first page of the OSA ESA Understanding and submit to OSA.

**At this point the process with OSA is complete and moves to
Housing and Residence Life**

- Meet with Resident Director and students who share living space to complete the HRL ESA Roommate Understanding.
